U.S. Warned of Hydrogen Rocket Attack

Will Return 'Artist' to Answer Spy Charges

KHRUSHCHEV WITHOUT BULGANIN—Steel helmets and bayonets of an East German honor guard provide a militaristic touch to welcoming ceremonies for Soviet boss Nikita Khrushchev, right, who denounced West Germany's threat to world peace in his opening speech in East Berlin (Aug. 7). With Khrushchev are East German Premier Otto Grotewohl, left, and Russian deputy premier, mustachioed Anastas Mikoyan. (AP Wirephoto by radio from Berlin)

Is Linked To Group In Moscow

Was on Brooklyn Sabotage Mission

EDINBURG, Tex. (AP) — A thin, balding alien, accused of being a top-ranking Soviet spy who specialized in atomic and military secrets, was held here today for return to New York where he quietly posed as an artist for nine years.

Rudolf Ivanovich Abel, 55, a colonel of Russian intelligence, was arraigned here yesterday on espionage charges returned in a federal grand jury indictment in Brooklyn. He is the highest ranking Red agent ever accused of spying for Russia in this country.

Held as Alien

Abel, who entered the U. S. from Canada in 1948, was being held for deportation in the nearby McAllen (Tex) detention camp for aliens when the indictment was returned yesterday. He had been held only as an illegal alien under the name of Emil R. Goldfus, an alias he assumed while working as an obscure photographic artist in Brooklyn.

The government claimed in the event of war, Abel was set up in Brooklyn to receive sabotage instructions from Moscow.

Abel apparently was linked to a Kremlin master-spy who was involved in the first big espionage scandal after World War II.

Others Named

Four Russians were named as co-conspirators with Abel, but not as defendants. They included Vitali G. Pavlov, who headed a Russian secret police network based in the Soviet embassy in Ottawa, Canada. It was broken up in 1945 after the arrest of atomic-traitor Dr. Alan Nunn May.

The Canadian spy case led to the arrest and imprisonment in England of Dr. Klaus Fuchs, atomic scientist, and the arrest and execution in this country of Julius and Ethel Rosenberg. Each was convicted of spying.

Arrive Under Guard

Abel was brought here under heavy guard from the detention camp for arraignment before U.S. Commissioner J. C. Hall. He was handcuffed to two FBI agents who hustled him past a crowd of spectators, photographers and newsmen. Two other officers stood guard.

At the hearing Abel readily

Red Party Chief Sees War Threat

England, France Also in Range

BERLIN (AP) — Russian Communist Party chief Nikita Khrushchev today warned that the explosion of war over Germany would bring the United States under the threat of attack from hydrogen rockets.

Khrushchev told a special session of the East German Parliament the western powers are trying to turn West Germany into a war base and are creating "an extremely serious situation."

Scare Move Seen

"They want to use the German people as cannon fodder in their plans to conquer the world," the Red chieftain declared.

The speech parroted numerous blasts from Khrushchev, Soviet spokesmen, and Soviet propaganda organs. Presumably this time it was intended to scare West German voters who on Sept. 15 elect a new Parliament and decide whether to retain the government of staunchly pro-western, anti-Communist Chancellor Konrad Adenauer.

Before Khrushchev spoke, East German Premier Otto Grotewohl restated his regime's endorsement of the long-standing Soviet proposal for the withdrawal of Russian and western troops from German soil.

Warns of Power

Warning that modern warfare could lead to the devastation of densely populated areas, Khrushchev declared:

"This (destructive power) should be kept in mind by statesmen of England, France and other countries whose areas would be in range of atomic and hydrogen weapons in case military operations start.

"Statesmen of the United States should also think about it as in our time, where rocket developments are rapid, distances cannot save any country from the effects of atomic and hydrogen weapons."

The Russian added that "all these people must think about this who refuse to follow a peaceful policy and refuse to join in a disarmament agreement."

Second Day of Visit

Khrushchev fired his broadside on the second day of his week's visit with a high-level Kremlin delegation to the restive satellite.

Senate Sends Rights Bill Back to House After Vote of 72-18

Congress May Get Call in November

By JACK BELL

WASHINGTON (AP)—A 72-18 Senate vote returned the civil rights bill to the House today amid reports President Eisenhower will call Congress back in November unless he gets a measure he feels he can sign.

The Senate's jury trial version of the bill was roundly condemned by civil rights advocates, but they helped supply the votes for the historic passage of the measure last night. It is the first of its kind approved by the Senate in more than 80 years.

Fate Uncertain

The fate of the bill was uncertain in the House, which passed a measure much broader in scope and more stringent in enforcement provisions by a 286-126 vote on June 18.

But some House members who had spoken out most bitterly against the Senate changes were starting to talk nore of compromises, expressing hope they still could salvage a bill they could consider worthwhile.

Too Early: Knowland

Because of the uncertainties, Senate Republican Leader Knowland of California told a reporter it was "too early to say" whether a special civil rights session might be called in November.

Other senators said Knowland had told the Senate Republican Policy Committee in a closed meeting that a special session is a definite possibility if the Senate's version of the bill is not amended to conform more nearly to Eisenhower's wishes. Either the House or a Senate-House conference committee could make the changes, but in either case the Senate would have to approve later.

President Silent

Eisenhower declined at his news conference yesterday to shed any light on a possible veto. But responsible administration officials have said he will reject the measure if the jury trial provision inserted by the Senate is not revised.

Any such veto would be likely to be accompanied by the announcement that Congress will be called back to Washington this fall, these officials said. A special session call would be likely also, they added, if Congress decided not to act finally in this session.

No Republican senators voted against passage of the bill when the roll was called last night after nearly five weeks of debate. The 18 Democrats who voted against it were all southerners except for Sen. Morse of Oregon.

Morse said he could not bring himself to vote "for a civil rights bill which bears little more than the title." Calling it an odoriferous corpse, he said it "raises hopes and expectations which will not be satisfied."

How They Voted

Five senators from southern states, all Democrats, voted for passage. They were Lyndon B. Johnson of Texas, Senate Democratic leader; Yarborough of Texas, Kefauver and Gore of Tennessee, and Smathers of Florida.

In all, 43 Republicans and 29 Democrats voted for passage.

As it passed the Senate, the bill would authorize the attorney general to seek court injunctions to enforce minority voting rights.

Sabotage Hinted In Blast at Boston

BOSTON (AP) — A terrific explosion in a construction project shed containing dynamite caps today rocked the Bay View section of South Boston, damaging more than 100 homes, but injuring only a few persons. Officials said sabotage might be involved.

The blast—near the entrance of a Boston metropolitan district sewage tunnel under construction—hurled metal and splintered glass over a mile area.

Thousands Endangered

The explosion, endangering thousands of residents, shook some from bed and showered the area with the dangerous caps. Police cruisers with sound equipment toured the district warning of the danger.

"Don't pick up the yellow caps on your lawns or porches—call a policeman or fireman," was the warning sounded over the air.

MDC Commissioner Charles W. Greenough said sabotage might be involved, but he did not elaborate. The MDC controls the project where the blast occurred.

Search for Caps

"A theory of sabotage is being considered in our investigation of the blast," Greenough said.

Two hundred patrolmen sped into the area to search for caps blown over a wide section by the explosion.

Minor cuts from flying glass and debris appeared to be the extent of personal injuries.

The explosion blew debris, including steel pipes and wooden beams, over a wide area and in some cases crashed through windows and walls.

Many Homes Affected

Broken windows and fallen plaster were reported in hundreds of residences in the South Boston,

Lease Is Signed For Leader Bldg. By Sears Concern

A report in The Freeman last week that the old Leader building on the corner of Crown and John Streets would be occupied by Sears, Roebuck & Co. as a mail order office was officially confirmed today.

The lease has been signed between Sears and Salvatore J. Aprea and Emma Aprea, present owners.

Cole Handles Deal

Negotiations were handled by the real estate office of John A. Cole, Inc., 10 Crown Street.

The entire lower floor of the building is being rebuilt at street level for use as a mail order sales catalog office, with all new interior, Cole said. He pointed out, however, that the exterior would retain its Colonial style of architecture.

Entrance to the store will be from Crown Street, with parking

Would Reward Workers

Desmond Seeks Incentive for Economy

ALBANY (AP) — A state senator says he will try next year to set up a system that will give an incentive to state employes to practice economy in their jobs.

The system, as outlined yesterday by Sen. Thomas C. Desmond, would provide salary increases and promotion credits to employes who practice economy.

Desmond, a Republican from Newburgh, said in a statement that the state's budget soon would hit the two-billion-dollar mark unless "a rhythm of retrenchment" were set in motion.

"One of the major dilemmas of modern government," Desmond said, "is how to provide an incentive to deparment officials to save money of taxpayers instead of spending it.

". . .On the contrary, there is sometimes an incentive to enlarge a bureau chief's domain, to hire more people, and spend more money."

Desmond said he would introduce bills that would:

1. Speed up regular salary increases for employes who practiced economy.

2. Establish a special salary scale for bureau chiefs "of exceptional ability in holding down costs."

3. Give special promotion credits on civil service tests for employes who have demonstrated a touch for economy.

Desmond said he would work out details of the bills with employe and taxpayer organizations.

Speedy Approval Of McElroy Seen

WASHINGTON (AP)—Senate leaders said today that Neil H. McElroy, soap company executive, should win speedy confirmation as secretary of defense.

But he must wait at least a week and agree to dispose of his holdings in some corporations that now have defense and government contracts.

Lauded by Ike

The nomination of McElroy, president of Proctor & Gamble Co., went to the Senate yesterday afternoon a few hours after President Eisenhower had described him as "one of the most capable men and the highest type of people that I know in the country.

Eisenhower indicated at his news conference that McElroy would be named to succeed Secretary of Defense Charles E. Wilson as soon as a full investigation of him could be completed. Press Secretary James C. Hagerty, announcing the formal appointment later, said the investigation had been completed during the day.

Talked of Holdings

"He's a fine man," Sen. Knowland (R-Calif), Senate Republican leader, said. "As far as I know there will be no trouble about confirmation."

No date was announced for McElroy's taking over the post, but in Cincinnati McElroy said it probably would be a couple of months.

It was learned that Wilson, former president of General Motors who ran into some delay before winning confirmation in 1953, already had helped McElroy pave the way for confirmation.

Wilson Paves Way

The veteran Pentagon chief arranged conferences with majority leader Lyndon B. Johnson (D-Tex), Chairman Russell (D-Ga) of the Senate Armed Services Committee, Sen. Byrd (D-Va), and Knowland before McElroy's name was sent up officially.

Although the Armed Services Committee, which first must pass on the nomination, had a closed-door meeting this forenoon, Russell said McElroy's "nomination will be held over for the usual week before we consider it."

McElroy is a director of both General Electric and Chrysler Corp., large defense contractors, and under rules of the Senate

Craft to Conduct Orchestras Again In Europe Centers

Robert L. Craft, son of Mr. and Mrs. Raymond E. Craft of Kingston, sailed last week on the Liberte for a series of engagements as guest conductor of European orchestras.

He is traveling with Igor Stravinsky, the composer, and Mrs. Stravinsky.

This is the seventh consecutive year that Mr. Craft has conducted in the musical centers of the Continent. During August he will also lecture at Dartington College, England.

Following a number of engagements in Germany and Italy, and some recording commitments in Paris, Mr. Craft and Mr. and Mrs. Stravinsky will vacation in Venice and Greece. They will return to New York in November.

The past year has been one of unusual achievement and recog-

Syracuse Co-Op Will Join Milk Strike on Wednesday

SYRACUSE (AP) — The Syracuse Dairy Farmers Cooperative says it will join two other milk-producer organizations in a strike next Wednesday for higher prices.

The organization claims to represent more than half of the 950 dairymen who ship to the Syracuse market.

At a meeting in nearby Camillus last night, the group voted 50 to 32 to withhold their milk, starting Wednesday. About 715 farmers attended the meeting but only the 82 who voted were members of the cooperative.

Meanwhile, U. S. Agriculture Department officials will confer here tomorrow with milk producer groups on milk marketing conditions in the regulated New York-New Jersey area.

The department sets minimum prices paid to producers in the area that is under the new federal-state milk marketing order. The area includes most of New York and northern New Jersey.

The Dairy Farmers of America and the Farmers Union, which claim a total membership of 9,000 dairy farmers, also plan to strike Wednesday.

The four major dairy groups representing most of the dairy farmers in the New York milkshed are opposed to strike action.

Last night's strike resolution was made by Lawrence Halloran, a Camillus dairy farmer who is president of the Onondaga County unit of the DFA.

The motion stated: "This is the opportune time to strike."

Halloran and Frank Harvey of Marietta, told the meeting that farmers in various parts of New York and other states also would strike on Wednesday.

Halloran said the cooperative wanted a price paid to producers of 12 cents a quart. The DFA has a similar objective. The Farmers Union is shooting for approximately 15 cents a quart.

The price paid to farmers for milk they produced in July is expected to be about 9 cents a quart.

The new marketing order, which went into effect Aug. 1, is expected to result in an increase of approximately 1½ cents a quart paid to farmers.

The president of the Syracuse cooperative, Allen Crago, had said he believed his organization would not join in a milk strike.

August 20 Set for New Vote In District 2 at Woodstock

A new vote on annexation with Onteora Central School has been authorized for Woodstock School District No. 2.

The vote will be held from 2 to 8 p. m. Tuesday, August 20, at the Woodstock School.

The order fixing a date for the vote on affiliation with Onteora was signed by Ewald B. Nyquist, acting commissioner of education, Albany.

The first vote, held April 13, was in favor of annexation by a small margin but was set aside by State Commissioner James E. Allen Jr., on the ground that the vote was decided by illegal ballots.

The vote at that time was 419 to 391 but opponents of the move contended that 69 of the ballots in favor of annexation were cast by people not qualified as residents under the education law.

The commissioner granted an appeal by a group of residents of the town of Woodstock who had contended that the balance was tipped by a "nefarious, wholesale importation" of votes from New York city.

In voiding the annexation vote, Allen held that at least 26 persons who voted in the special school district meeting were not qualified voters of the district.

Many residents of the school district reside in New York city but maintain summer homes in Woodstock. Some vote in political elections in New York city.

In setting aside the April vote for annexation, Allen said he did so "without prejudice, however, to the filing of further petitions seeking to call another special meeting to vote upon such questions."

Decision Reserved by Zoning Board On Removal of Signs From Albany Avenue

Decision was reserved by the zoning board after public hearing last night in the city court room, city hall, on a petition of Albany avenue residents for removal of commercial signs from the residential section of the street.

Argument for the petitioners urged removal especially of neon and other lighted signs from the area, and emphasized the long-standing residential character of the greater length of the street.

Those favoring use of signs, such as those designating tourist houses, held that the zoning law permits operation of boarding, rooming or tourist establishments in residential areas, and that use of signs are essential to their operation.

The hearing drew an attendance of approximately 60 persons. The majority appeared interested in removal of the signs.

Opponents of the petition indicated that a bid will be made to the Common Council for a business zone designation of such areas where tourist homes and other businesses are operating. The entire street now, it was argued, is a thoroughfare bearing heavy traffic, and some sections have long been used for commercial purposes.

Opposition to the use of signs, in writing, came from St. John's Church, Temple Emanuel, Jacob H. Stewart, of 306 Albany Avenue, and several others.

Attorney Sherwood E. Davis, representing the petitioners, argued that even though the zoning ordinance permits operation of such businesses as tourist homes in a residential area, the use of advertising signs in conjunction with them is forbidden. The petition was presented by Thomas A. Horton, of 25 Albany Avenue through Attorney Davis.

Among those opposing removal of signs were Henri Abramo-

Chronic Video Complainers in For Tough Season

NEW YORK (AP) — The chronic complainers about television—who have been blaming the medium for everything from juvenile delinquency to bad eyesight—are in for a tough season.

Crime and detection shows, their favorite targets, are on the wane, and the western and adventure show is king of the networks, with variety programs and "situation comedy" runners-up.

Just about the only things these can be accused of is murdering the English language, which, undoubtedly, they will.

Lots of Westerners

A casual —if somewhat arbitrary — breakdown of the forthcoming fall and winter programs on the three networks indicate there will be at least 23 western and or adventure shows, all on film. There also will be some 20 musical or variety shows, and the same number of situation comedies. Crime and mystery shows have dropped into fourth place—13 of them. And, while it may seem like more, there will be only 11 quiz or panel shows. There also will be 11 dramatic shows, the vast majority on film and only three regularly produced live.

The rarest bird on television will be the stand-up-and-deliver live comedian: Just one, Red Skelton. Jack Benny and George Gobel will turn up bi-weekly; Bob Hope even less frequently.

ABC Enters Battle

While the ratings-battle between Ed Sullivan and Steve Allen enlivened last season's television scene, ABC hopes to make it a three-cornered battle for the Sunday evening viewing crowd. Its entry is an hour-long oat-burner, "Mayerick," which will be slipped into the TV stream at 7:30 p. m. (EST). At the 8 p. m. (EST) advent of the Sullivan and Allen shows, ABC viewers will be so intent on the story they will neglect at least that's what the programming brains are hoping.

Two Prize Additions

ABC, as a matter of fact, seems to be staking a lot on the westerns. It has blocked them solid for two hours on Tuesday nights.

Their two prize acquisitions for the season, however, are Frank Sinatra, whose 30 minute variety show will be at 9 p. m. (EST) Fridays, and Walter Winchell as a reporter in a newspaper adventure series on Wednesdays at 9:30 p. m. (EST).

CBS, having junked Jackie Gleason's Saturday night hour, has an hour-long filmed crime detection show starting at 7:30 p. m. (EST). It is called the Perry Mason Show, which might well confound any number of Perry Como fans, accustomed to picking up their hero a half-hour later on the rival network.

CBS is also doing loud drumbeating on such new shows as Eve Arden's new series about a lady lecturer, the hour-long Patti Page variety show on Wednesday's, and a British-made comedy series called Dick and the Duchess.

New NBC Offerings

NBC's schedule seems full of new offerings—Dinah Shore's Sunday night show and the Gobel-Eddie Fisher shows (with the stars alternating Tuesday nights), a frontier sage called Wagon Train, a remake of the popular old thin man movies for TV, Gisele MacKenzie's new variety show, Manhunt (a sort of Chicago Dragnet), and Dean Martin's new variety show. (NBC must think Saturday night viewers are mad for variety shows—it has them running for two hours steady.)

Climax, Studio One and NBC's Kraft Theatre remain as the only all-live TV dramas, but a number of others will be sometimes filmed, sometimes live.

Breaks Give, Skill Takes

By OSWALD JACOBY
Written for NEA Service

Phil Abrahamsohn, who died recently in Hollywood, Fla., was one of our great players. He played today's hand in the finals of the 1933 Vanderbilt cup and showed how an expert takes advantage of every possible break.

Phil's bid of three hearts was a slight overbid; at the other table South was content to play for a part score.

The king of spades was allowed to hold the first trick (East playing the six) and West shifted to a heart. East won with the king and returned the suit.

Phil won in dummy, played the ace of diamonds and ruffed a small diamond in his own hand. He continued by leading the ace of spades and ruffing another spade with dummy's last trump.

A third diamond lead was ruffed with the jack of hearts, and the queen of hearts lead pulled East's last trump. The four of clubs was discarded from dummy.

Next came a successful club finesse and a lead of a fourth diamond. East was in with the king of diamonds and had to lead a club to dummy's ace whereupon dummy's fifth diamond made the last trick.

It will be noted that all Phil needed to make his contract was a three-two trump break, a four-three diamond break, a successful club finesse and the presence of the long spades in the hand that didn't hold the long diamonds.

More than that he needed the skill necessary to take advantage of the breaks that were there.

Forage Cutting Meetings Slated

Two community meetings have been arranged to permit farmers to see second cutting forage material at the Birdsfoot Trefoil, Red Clover, Grass Demonstration Plots established in 1956 on two area farms, it was announced today by Robert D. Guzewich, associate county agriculture agent.

The plots include Empire, Mansfield, Viking and Imported Birdsfoot, Ladino, Medium Red and Pennscott Clover, Narragansett, Atlantic and Ranger Alfalfa, and a total of 14 combinations of legumes and grasses.

The first meeting will be at the Victor McCord Farm, Gardiner, located three miles south of Tuttletown on the Albany Post road, at 7:30 p. m. Monday, August 12.

The second meeting will be at the William Trumpbour Farm, Saugerties, located four miles north of Saugerties on the King's Highway at Asbury Corner, at 7:30 p. m. Tuesday, August 13.

Milks vary as strikingly as the sources: Camel's milk is sweet; whale milk tastes oily; porpoise milk has 12 times as much butterfat as cow milk; goat milk comes homogenized with the butterfat already broken up and dispersed evenly throughout the fluid.

Report Savings Bonds Interest As Pension Income

Interest received by veterans when they cash in their U. S. war or savings bonds is considered as income for VA pension purposes, the New York State Division of Veterans Affairs and Howard C. Shurter, director of Ulster County Veterans Service agency, said today.

If such interest causes the veteran's income to exceed the annual income limitations of $1400 without dependents or $2700 with dependents, their pensions will be stopped. Moreover, when veterans sell commercial bonds at a higher rate than they were purchased, the profit plus the interest is considered income for VA pensions purposes. Veterans whose income exceeds the statutory limitations should promptly notify the VA of the fact. Their pension checks will then be discontinued as of the date of the last payment. Under these circumstances, veterans will not have to repay the amount of pension already received during that calendar year.

But if the VA is not notified promptly, normally within 30 days, by veterans that their income exceeds the statutory limitations, the pension will be discontinued as of January 1 of that year and an overpayment will result which will have to be repaid. In such an instance, for example, if the pension is paid for a complete calendar year, veterans may have to repay the total amount of pension they receive during that calendar year.

Other Veterans' News

Korean Veterans: A burial allowance up to $150 is provided for veterans with active military service between June 27, 1950 and January 31, 1955. No minimum period of service is required but the separation must be under other than dishonorable conditions. The cause of death does not have to be connected with military service.

Armed Forces: Reduced fares on railroads for servicemen on furlough or leave were renewed until June 30, 1958. Under this agreement servicemen in uniform and on leave are permitted to travel on railroads at about a 30 per cent reduction in fares. This practice started during WW II and has ben renewed continuously ever since.

Civil Service: The wife of a service-connected disabled veteran who because of his disability is physically unable to qualify for any civil service appointment may have ten points added to her earned passing grade under Federal Civil Service. This rule also applies to un-remarried widows of deceased veterans who served during any war or emergency and the mothers of veterans under certain conditions. There is no similar rule under New York State civil service law.

New Laws: The President has signed into law an extension of the practice of ordering physicians, dentists and other health specialists into the U. S. armed forces by special call. All medical personnel ordered to active duty under this law will be offered commissions as officers. A new provision in the law restricts such special calls to doctors who are 32 years of age or younger. The extension will remain in effect until 1959.

Bonus: At the request of the Illinois Veterans' Commission, veterans now residing in New York State who might be eligible to receive an Illinois Korean Conflict bonus are advised that applications for such a bonus are not being accepted at this time. While the Legislature has approved a measure providing for such a bonus, the proposal must first receive the endorsement of the people of Illinois at a General Election to be held in November 1958 to become a law. Until that election and subject to approval on that date, applications are not acceptable.

Questions about the rights and benefits of veterans, servicemen or their dependents may be to approval on that date, appliion to the Ulster County Veterans Service Agency and the Division of Veterans Affairs at 32 Main Street, Kingston.

Renovations Are Done at National

National Shoe Stores, 312 Wall street, has just completed extensive renovations and alterations to the local store, both interior and exterior.

Manager Louis Kline, a native Kingstonian who has managed the store for many years, said the entire store had been modernized.

A new acoustic ceiling, fluorescent lighting and inlaid floor have been installed and new rugs laid on the floors. The walls have been painted in various pastel shades. The store was closed for three weeks during renovations.

Among improvements are a new up-to-date store front and the "latest thing in shoe windows."

According to Mr. Kline, the store is now "the most up-to-date shoe store in the Hudson valley."

National carries a complete line of family shoes, including hosiery and handbags.

THE CASE OF THE IRON HORSE

For many decades the railroads were the unchallenged masters of the American transportation network. Then along came the trucks to take away freight traffic and planes to slice into passenger revenues.

Today a good share of the nation's Class I lines—those with three million dollars or more in annual volume—are in trouble. Their costs are up, their proportion of U. S. freight traffic has fallen farther, and their earnings in some cases have been trimmed this year a substantial 50 per cent.

In a special report, the magazine Business Week has taken a long, hard look at the railroads and come up with some definite conclusions about their economic position.

Fundamentally their problem now is that they have too much physical plant and too many workers for the kind of business they are doing.

This establishment was created, of course, at a time when the rails had the lion's share of the transportation business.

Now they have less than half the intercity freight traffic. Trucks and the ships and barges which ply our waterways carry the major proportion.

But despite the percentage decline in their freight business, the rails actually are carrying more intercity cargo than they did 10 years ago. Their volume in 1956 was 647 billion ton miles, against 592 billion ton miles in 1946.

The southern and western lines are in considerably better status than the eastern group. The latter depend most heavily on short haul business requiring heavy investment in cars, classification yards for making up trains, and so on. The lines in other sections have more of the profitable long-train, long-haul business.

But the general outlook will not brighten, according to Business Week, unless the railroads can modernize to reduce their costs, develop faster and more flexible service and make fuller use of their facilities.

There are some indications that in the future the truckers' costs may rise faster than the railroaders' and this could mean an economic swing favorable to the latter.

But whether their prospects do thus improve or not, clearly the railroads will be kept in being even if it takes government ownership to do it. Their basic ability to haul freight farther and faster with less fuel and less human control than their competitors require is an asset the country cannot afford to let waste away.

Those so-called adult Westerns are getting so much like other dramas that we won't be surprised to see a cowboy in gray flannel jeans who is quick at drawing legal documents out of his briefcase.

The sport car craze has such a hold that these days when you see what looks like a toy auto you don't know whether that's Junior or his father behind the wheel.

REDUCTIO AD ABSURDUM

An annual summertime product is the national and international beauty contests. Nothing, perhaps, could be a more apt accompaniment of the silly season.

This year's series of contests got off to a hilarious start. The "Cinderella girl" who won the title of "Miss U. S. A." turned out to have missed being a miss by two marriages—to say nothing of two children. She was promptly dethroned.

And just as the howl over this was subsiding, came the word that the grand winner of the "Miss Universe" title was a Peruvian girl who is only 17 years old—not the minimum 18 required by the contest rules. For this decrepancy the Peruvian ambassador provided the bland explanation that "Anybody in Peru who is over 17 years and six months is considered to be 18." So, "Miss Universe" was permitted to retain her crown and sceptre.

Now all we are waiting for is the "Miss America" contest in September. Wanna bet that the winner won't turn out to be a man?

FREEDOM TO THINK

I saw a piece in "TV Guide" on the subject of speaking in freedom on the air. According to this article there is no freedom of speech on TV which, according to my notions, means that there is no freedom of thought.

I have worked for many years for the American Broadcasting Company. On these broadcasts, I express myself with the greatest possible freedom. Nobody has ever censored me. Only once was I questioned concerning a matter of libel on which there was a difference of opinion due largely to the other man's lack of knowledge as to the facts. Never have I been requested to change a word or a sentence.

I understand that the same doctrine of freedom does not hold true on any TV network. It seems to me a stupid policy to restrict the human mind and to turn a reporter into a mere baritone. According to the article in "TV Guide," the Columbia network (CBS) is about to broadcast editorial opinion. Is it to be the opinion of Columbia or the speaker?

If it is to be the opinion of Columbia, it will be no good because the human mind does not think collectively; all thought is individual. The great editorial writers of newspapers, men like Horace Greeley, Arthur Brisbane, Charles Dana were not products of editorial conferences. They wrote as it came to them.

On the American Broadcasting Company (radio) opinion broadcasting is handled on what is called the spectrum theory, namely, they have a wide range of personalities, from left to right, from radical to conservactive, who do not debate each other, as debating is childish, but each has his say. For instance, on Sunday nights, I am preceded by Quincy Howe, a scholarly, knowledgeable internationalist. I am a nationalist who regards internationalism as the cause of many of our most serious present troubles.

The same listeners have the opportunity to listen to Quincy Howe as have the opportunity to listen to me. Often we discuss the very same subject. It used to be that I was followed or preceded by Paul Harvey who has a position different from either Quincy Howe or myself. The listener gets not a snatch of a debate but a carefully prepared, rather full discussion of the subject by persons who take their chores very seriously.

Nor is it editorializing disguised by slanting, by omissions, by dishonest emphasis. We say what we have to say and do not depend upon a secondary person in a news-room either to prepare our copy or to censor it.

"TV Guide" quotes:

"William R. McAndrew, head of NBC's news department, contends no NBC commentator has 'ever been discouraged from expressing personal opinions that are based upon professional examination of evidence.'"

Precisely what is "professional examination of evidence"? Does that mean that a newspaperman who has devoted 30 or 40 years to the study of international problems, who may be an expert concerning one country or an area, who may know languages and history and tradition, must have his judgments examined by some junior in the State Department or the CIA who is professionally in the foreign affairs business? This concept is ridiculous and represents fear either of sponsors or of some sections of the public.

That kind of cowardice has reduced TV to a purveyor of long forgotten movies and silly escape theatricals, some of which look as though they were done as high school plays.

The assumption that any intelligent person can analyze news without expressing an opinion, without expressing a particular point of view or even bias, is without psychological or factual foundation and its statement by company officials is surely untruthful. At any rate, CBS need not try to give the impression of total aloofness to those who can recall the Ed Murrow telecast on Joe McCarthy. That was editorializing in the old-fashioned manner. Nor can it be said that the recent Khrushchev interview was without editorial content. I did not listen to the Tito interview, having something better to do at the moment.

Those who believe that controversy, difference of opinion, difference of view should be kept off the air are not only selfishly stupid but they are pursuing a wicked policy of utilizing public conveyors, licensed by the government, to keep the truth from the people. It is a dangerous trend, not to be encouraged.

Unfounded Fears Raised In Many by Cancer Talk

By EDWIN P. JORDAN, M.D.
Written for NEA Service

The amount of information on cancer is reaching stupendous proportions. Although this means it is hard to keep up with developments, this fact encourages the hope that the solution to many of our problems with this dread disease is approaching. In fact, most publications on cancer either report the results of investigation on the cause, diagnosis or treatment, or the need to speed our research.

The apparently mysterious way in which cancer atttacks its victims causes the disease to be feared even more than other equally serious conditions. The impression that cancer is attacking more and more people needs clarification.

If fewer people die in infancy or youth, as is the case today, obviously more will survive to an age when cancer is more common. This naturally makes one think that more people have cancer now than in the past.

A FULL understanding of the causes of cancer is not yet here. However, in some animals cancer will appear in generation after generation. Also, cancer seems to run more in some families than in others.

We know further that in susceptible animals certain irritating substances can produce cancer, whereas if the irritating substance is not present the animals remain free of the disease.

Many other interesting facts about cancer are known and it is thus false to believe that nothing whatever is known of its origin.

Treatment of cancer has been improving. Many cancers can be reached by surgery which could not be attacked only a few years ago. Radium and X-rays are also used successfully in some cancers, either with or without surgery.

WITH THE general (and correct) belief that cancer, if it can be caught early, can be treated more successfully has come an increasing fear of the disease. So successful has been the campaign to get the benefits of early diagnosis that many people are constantly in a state of alarm about cancer.

It is true that there is no single test which will reveal the presence or absence of cancer anywhere in the body. The discovery of such a test would be a tremendous boon and possibly is not far off. At present a person who has been examined for cancer, and in whom it has not been found, should cease to worry, as worry will accomplish nothing.

THE ANSWER to the cancer problem lies in research. Results will not come overnight, unless there is some lucky break or brilliant observation. But some clue will surely be found as to the cause, methods of prevention or treatment.

Meanwhile, we must use the means at hand which are to pay attention to warning signs promptly, employ modern diagnostic methods and treatments—and avoid unreasonable fear.

Creed for the Atom Age

Washington News

By DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON, (NEA) — A mutual fear of the so-called "clandestine bomb," which is shared by Russia, Britain and the U. S., has been a prime reason for keeping the London disarmament talks going.

"Clandestine bomb" is the term they've tacked on nuclear weapons which might be made by unscrupulous armament makers or irresponsible governments.

The world state of the nuclear weapon art is such that it's possible smaller countries or a large munitions combine could start producing some kind of A-bombs within the next 10 years.

It's not hard to imagine the international havoc there would be if any power-mad dictator could buy nuclear bombs or have them made at home. A top U. S. scientist puts it this way:

"The danger of a worldwide conflagration from a mistaken judgment or hasty act on the part of a nation armed with nuclear weapons increases in direct proportion to the number of nations possessing such weapons."

Also, as the number of nations possessing nuclear weapons increases, so does the difficulty of establishing any international control over such weapons.

TODAY, U. S., Russia and Britain are the only nations known to possess nuclear bombs. All three recognize the urgent need to put some brakes on further nuclear weapon development. As the group grows, so does the threat of the clandestine bomb.

Experts agree France will be the next country to produce atomic bombs. And in the near future, they say. This probably explains why France is against any international ban on nuclear weapon testing at this time.

Italy, it is known, is close to being able to make atomic bombs. West Germany has the scientific community and the industry to get into the A-bomb race in a relatively short time.

Canada, of course, if it wanted to, could begin making atomic bombs almost any time. It has the know-how, plenty of uranium and the industrial capacity.

Belgium, Holland, Norway, Sweden and Denmark have made great strides in the peaceful uses of atomic energy. This increases their capability of producing atomic weapons.

In Asia, Japan is likely to be the first to produce both hydrogen and atomic bombs. A U. S. Atomic Energy Commission official has stated flatly that new discoveries of uranium in Japan mean that it will have nuclear weapons within 10 years.

IN SOUTH AMERICA, Venezuela, Brazil, Argentina, Chile and Peru have ambitious atomic energy programs under way. As far as U. S. observers can tell these programs are centered on peaceful uses of the atom. But again, this work spreads the knowledge of nuclear matters and increases the danger of clandestine bomb projects being started.

Unfortunately, the experts agree, the easiest bombs to make would be the "dirtiest," the ones with the most fall-out. It's considered likely that weapons with less boom, and more death-dealing capability with radioactive poisons, would be the best clandestine bombs.

They would give more death for the dollar.

To make the most simple, dirty A-bombs, nothing like the huge Hanford or Oak Ridge A-plants in the U. S. would be needed, experts say. The easiest way would be to get hold of the processed fissionable materials by illegal means.

A BY-PRODUCT of natural uranium power reactors is plutonium, a basic ingredient for bombs. As more natural uranium reactors are put into operation around the world, the stockpile of bomb material will grow.

This is a danger which the U. S. recognizes in its atomic-sharing agreements with other minimum danger of U. S.-produced fissionable materials being diverted to clandestine bombs.

All responsible nations with atomic energy and nuclear eapon programs will have to cooperate in establishing similar safeguards if the world is to be kept free from clandestine bombs.

President's Troubles Laid To Democratic Congress

By DAVID LAWRENCE

WASHINGTON, Aug. 8 — Why is the obvious so often overlooked? This question might well be asked as one reads the many thousands of words being spoken and written about President Eisenhower's problems in dealing with Congress.

The obvious—that Congress is controlled by the Democratic party, while a Republican administration occupies the White House—is hardly ever stressed as the basic cause of the differences between the executive and legislative branches of the government nowadays.

But the ill effects of divided government cannot be suppressed.

It is, for instance, the objective and goal of the Democrats to win the next elections—both congressional and presidential. Plainly, Dwight Eisenhower gives prestige to the Republican party. So the strategy of the Democrats is to see to it that Ike is discredited, ridiculed and sniped at, in order that his hold on the people may be broken down. Speeches are prepared for Democratic members of Congress to issue, and a whole barrage of publicity comes from the Democratic headquarters each week aimed at the President personally.

Failed to Impress

The drive was begun months ago to give exaggerated emphasis to Ike's illness. When this didn't impress the public, the next step was to hammer away at his absences from the White House or his playing golf or taking vacations. The statistics, of course, show that other Presidents—notably FDR—averaged more days per year away from the White House than Ike has. But the people are presumed to have forgotten this—if, indeed, it ever was stressed by the partisans of other days.

Next in importance in Democratic strategy is to spread the impression that Ike doesn't work on the job—that the man who took an oath to execute faithfully the duties of his office, the man who commanded one of the biggest armies in the world in the biggest war of all history, is so lacking in conscientiousness that he would play "while Rome burns."

Whole Story

The public reads about official visitors and ceremonies and golf playing, but little is available to the press on what any President does from morning to night—the telephone calls, the cablegrams, the secret messages, as well as the many memoranda on complex problems that come to him from numerous executive departments and agencies for decision in the unspectacular phases of every-day government.

Much of this detail at present is channeled through President Eisenhower's staff, but even four or five knotty problems a day are enough to make anybody want to get some relief from tension and make a break for the golf course. What a cruel form of propaganda it is to deny the man in the White House an easing of his physical burdens by attempting to picture him before the public as lacking in fidelity to his job!

Some of the attack is cautiously and unctuously applied. The President, it is argued, is an honest man but he is "incredibly naive," or he is easily "imposed upon" or he is "bewildered" by his job due to "lack of experience.' There have been many Presidents who have been imposed upon or misled. Some of their official advisers in past administrations have gone to jail for fraudulent behavior. The public recognizes that no President can be responsible for the occasional misbehavior of his appointees. Mr. Eisenhower may not have enough experience politicians on his staff, but at least they are an honest group of advisers.

Attack Prestige

When all the attacks are appraised, it must be said that, as of this month—less than a year after his re-election for a second term—the prestige of President Eisenhower still seems to the Democrats very important to break down. It's a curious contradition—there been so much said about the waning influence of a second-term President, yet there is so much effort being exerted to weaken an influence that is supposedly nonexistent.

Mr. Eisenhower's prestige with the people is not going to be affected by partisan attacks, because the public believes he is doing the best he can while a Democrat - controlled Congress attempts every day to sabotage his administration. The next election will not be decided on the issue of whether Ike played too much golf but on whether his Administration was able to maintain the kind of conditions that permit Americans to play golf instead of poring over the casualty lists of their sons killed in action "on the western front."

Along Capitol Corridors

By CHARLES DUMAS

ALBANY (AP) — Populous New York City, long the "king maker" in Republican state politics, may have to yield that role to the upstate counties next year when the GOP chooses its candidate for governor.

A breakdown of delegate strength released by the party's state committee shows that the five boroughs of the city will have a total of only 371 votes at the 1958 Republican state convention, out of a statewide total of 1,170.

142 Less Votes

The so-called "flight to the suburbs" combined with a weak GOP vote in the city in the 1954 gubernatorial election—a critical factor in apportioning delegates — has cost the city dearly. In 1954, New York boasted 513 delegates out of 1,274.

So severe has been the decline that, despite substantial population increases on heavily Republican Long Island, the balance of convention voting power has shifted from the "metropolitan New York area" (the city plus suburban Nassau, Suffolk and Westchester counties) to the territory north of Westchester.

Four years ago, it was possible for the metropolitan area to form a majority coalition of 691 votes. A coalition of this type next year would produce only 583 votes. The 54 upstate counties would hold the balance—587.

Boon to Upstaters

The shift would seem to bode well for such upstate aspirants for the nomination as Assembly Speaker Oswald D. Heck of Schenectady and Senate Majority Leader Walter J. Mahoney of Buffalo.

More than one upstate Republican leader has grumbled privately that the party's New York leaders have been heavy handed in the selection of men for top offices.

May Help Hall

The shift could be profitable also for a suburban hopeful, such as former GOP National Chairman Leonard W. Hall. Hall's fast-growing home county, Nassau, has profited substantially from New York City's losses — an increase from 75 to 99.

Hall is trying to end a long-standing feud with the county's Republican leader, J. Russel Sprague, who presumably will control the Nassau delegation. Sprague appears to be backing Heck at this stage.

Convention delegates are apportioned on the basis of one for each Assembly district plus one for each 2,500 votes cast for the party's candidate for governor in the last election.

When Thomas E. Dewey was running, New York waxed strong in GOP circles because of Dewey's fine showing in the city. In 1954, however, the party's gubernatorial candidate, U. S. Sen. Irving M. Ives, took a two-to-one beating from Democrat Averell Harriman in Gotham while running ahead of Harriman by almost the same margin in the rest of the state.

Thus New York City's losses have been the other counties' gains.

Still Formidable

Since Harriman piled up a heavy vote in the city, New York will continue its dominant role in Democratic politics.

Though cut severely, New York's bloc of GOP delegates will still be formidable. It could be combined with the suburban counties' votes to form a coalition that, though technically a minority, could be so strong as to be decisive.

Nevertheless, the upstate counties with their new strength undoubtedly will command greater respect in the GOP councils. And the burgeoning suburban counties could be pivotal.

Today's Business Mirror

By SAM DAWSON

NEW YORK (AP)—The French today are having another money crisis. It comes in an era of almost unprecedented good times when you might think a money crisis unlikely.

In the United States there's no money crisis but there are sizeable money troubles—both for those managing a business and those managing a family, and also even for Uncle Sam. This also comes in an era of generally good times.

Franc Drops Low

The French franc has sort of unofficially devaluated itself by dropping to the lowest point in five years on the black market.

The American dollar is in no danger whatsoever of devaluation and there is no black market. But its purchasing power is being slowly (and also unofficially) devalued by the rising cost of living for consumers and rising costs of doing business and running the government.

Fixed Incomes Hurt

In both countries those being hurt the most are much the same small businessmen, small farmers, the white collar workers, those on fixed incomes. Those seemingly hurt the least are the bigger businesses and those with strong unions. They find it easier to ride the wage-price spiral (at least for the time being) and to surmount the tight credit, costlier money conditions which, it is hoped, will slow down inflation.

In France the remedy they talk of trying is either official devaluation—which could prove to be only a sedative, not a cure—or austerity.

Here the word austerity isn't heard and isn't likely to be. The nearest approach to it are the words restraint—restraint by labor in asking higher wages, restraint by business in raising prices—or higher interest rates.

Latest Higher Costs

Higher costs chalked up this week in the United States include: Higher interest rates on government-guaranteed home mortgages, higher interest charged by some banks on business loans, freight rate hikes of 7 per cent for eastern and western railroads and of 4 per cent for southern roads, and a promise by the Civil Aeronautics Board that it will speed up its study of airline passenger fares which the companies call too low.

America's dollar problems look small when you look at those in France. The French franc has the shakes largely from imbibing too much prosperity too fast.

Currency Weakened

France is having an industrial boom. To feed that boom it has imported more materials than it has exported, weakening its currency dangerously in terms of those of other nations.

Bolstered by the boom, wages and prices have risen. One result has to make French goods costly in world markets and to cut into the export total it should have been building up.

U.S. Handling Of Enemy Assets Of WW 2 Scored

WASHINGTON (AP) — Rep. Peter F. Mack Jr. (D-Ill) said today the Eisenhower administration has done a sudden about face on disposal of enemy assets seized in World War II.

Mack's statement was prepared for the opening of his House commerce subcommittee's three-day inquiry into the question of disposing of hundreds of millions of dollars worth of former German and Japanese assets.

First Witnesses

Spokesmen for the State Department and Foreign Claims Settlement Commission were listed as the first witnesses.

Mack referred to a July 31 White House statement announcing administration intent to submit a new war assets bill to Congress next year. The White House said this would permit "as an act of grace, equitable monetary return to former owners" of the enemy property.

Last April, Mack said, the administration submitted a bill that it then described as its "considered position."

Move for Adenauer

The new White House statement has been interpreted by some as a move to boost Chancellor Adenauer's chances in forthcoming West German elections. However, White House Press Secretary Janes C. Hagerty has denied any connection between the statement and the elections.

"Within a period of four months, the administration has done an about face," Mack said. He added:

"This subcommittee is not concerned with foreign politics, and is not interested in helping elect or defeat any candidate anywhere. . . . These hearings are to determine the merit, or lack of merit, of the proposed legislation. That is all that we are interested in."

The July 31 White House statement has been interpreted as signifying an administration intent to seek even more liberal return of assets to the nationals of former enemy nations.

State GOP Names Body On Economy

ALBANY (AP)—The Legislature's Republican leaders today appointed a 24-member advisory council to the joint legislative committee on the state's economy.

Church Notes

On Sunday, 9:30 a. m., the Rev. John Garrett, directory of the Department of Information of the World Council of Churches, will be the guest minister at the worship service at the Wallkill Reformed Church.

Mr. Garrett, a Congregational minister from Australia is the first to serve as head of the Information Department which whas created at the World Council of Churches in 1954.

From 1950 to 1954, Mrs. Garrett was general secretary of the Australian Council for the World Council of Churches. He also served as a Congregational minister in Summer Hill, New South Yales for four years before accepting the post with the Australian Council.

Believeing him to be an outstanding minister as well as a trained speaker and well-informed and well-travelled lecturer, the Consistory of the Church have made a special effort to obtain his services for this small community. Inasmuch as he is more accustomed to speaking in larger cities and to larger church groups, it is hoped that all members of the Wallkill Congregation will make a special effort to attend; and any of the area church people are also issued a cordial invitation for this unusually fine minister's sermon on Sunday morning.

The choir will present the music of the morning with Mrs. Louise Didsbury at the organ.

Other guest ministers coming to Wallkill while the Rev. Van Popering is on vacation include: the Rev. Gerald R. Gnade, secretary of the Board of Pensions and of the Reformed Church in America, formerly of Walden on August 18; the Rev. Fred R. Bosch, Church on the Hill, at Flushing, N. Y. and formerly of Wallkill, on August 25.

On September 1, the Rev. Walter N. Popering will occupy the pulpit at 9:30 a. m. Choir rehearsals will begin on Sept. 5 at :30 p. m., and regular Sunday school services will resume Sept. 8, with morning worship services at the regular hour.

Deaths

By The Associated Press

NEW YORK (AP)—Max Waxman, 65, who managed Jack Dempsey's business affairs for more than 25 years and had been connected with the boxing and wrestling business as a manager and promoter for 30 years, died Wednesday.

ROCHESTER, Minn. (AP) — Dr. Mandred W. Comfort, 62, nationally recognized medical specialist in diseases of the stomach and intestines and a member of the Mayo Clinic staff since 1928, died Wednesday.

HOT SPRINGS, Ark. (AP)—Miss Leota Estelle Coburn, 59, known professionally as Leota Cordati when she starred with the Chicago Civic Opera Co., died Wednesday. She also sang with the Cincinnati Opera Co.

KNOXVILLE, Tenn. (AP) — Dr. Raymond Paty, 61, Tennessee Valley Authority director and former president of the University of Alabama and chancellor of the University System of Georgia, died Wednesday.

Plane With 65 On in Danger

HONOLULU (AP)—An Air Force C97 with 65 passengers today was limping back to Hawaii with two of its four engines out. The Air Force said the plane may be forced to ditch in the Pacific.

The Air Force said the pilot radioed at 6:45 a. m. HST (11:45 EST) that he had enough fuel to remain airborne for five hours and four minutes.

The Air Force said the pilot indicated he could make the trip within five hours, landing at Hilo with dry tanks.

Air-sea rescue personnel, however, expressed doubt whether the gas supply would hold out.

The Coast Guard and Air Force dispatched planes to intercept and escort the Military Air Transportation Service plane.

Dio Slugs Cameraman

WASHINGTON (AP)—Labor terrorist Johnny Dio slugged a photographer and cursed him today for taking his picture in the Senate office building, where Dio is to testify later in the Senate rackets probe.

The dapper, blazing eyed Dio planted a roundhouse swing with his left fist on the left ear of Stanley Tretick, a United Press photographer.

No Knockdown

He called the photographer an S.O.B. in the spelled out version.

The blow did not knock down the photographer, and he did not swing back.

Dio, convicted extortionist, was paroled from prison so he could comply with the Senate committee's subpoena for him to appear as a witness.

Before the blow was struck, Dio had walked briefly into the committee's hearing room, but left when photographers and reporters clustered around him.

Ducks Into Cab

He refused to say a word, until his profane outburst as he swung his well manicured fist as he left the building, and ducked into a taxicab with two sturdy looking male companions.

The racketeer's progress from the building had been a sort of hide and seek game.

Dio ducked around pillars, headed down hallways, and always encountered another reporter or photographer. He ignored questions as to whether he would invoke the Fifth Amendment when he took the witness chair.

Witness Today

As Dio got to the revolving door that leads to the street, he spun and swung on the photographer.

"I've got a family," the racketeer said in grating tones.

Dio was to be called as a witness in the afternoon committee session. In the forenoon, a group of his alleged henchmen were busy taking the Fifth Amendment to questions about their association with Dio.

Bulgy, bespectacled Sidney Hodes of Brooklyn refused to tell the special Senate committee whether he helped Dio set up "phony" unions.

Say Dues Misused

The investigators contend Dio used such unions as a device to extort from employers and also misused the dues of rank and file union members.

The committee, headed by Sen. McClellan (D-Ark), planned to call Dio later in the day for questioning about allegations from McClellan that Dio and Teamsters Union boss James R. Hoffa formed a corrupt alliance in a grab for power in New York area unions.

Committee Counsel Robert F. Kennedy said Dio would not come to the committee room until just before taking the witness stand, and that this might not be until the afternoon.

Called Stranglehold

McClellan alleges the alliance gave Hoffa what he called stranglehold power over organized labor in New York, and swelled Dio's reputed million dollar a year income from labor and other rackets.

Dio, under indictment in the acid blinding of labor columnist Victor Riesel, was paroled from jail in New York long enough to testify before the committee. He is being held to await sentence on shakedown conspiracy charges.

Kennedy said Dio "could give us a great deal of information," adding that "if he wants to talk, he could be on the witness stand several days."

Hoffa Due Next Week

Hoffa is under subpoena to testify next week. He says he has "nothing to hide" and will answer the committee's questions.

Now the midwest boss of the giant Teamsters Union, Hoffa is considered the front runner for the union's presidency. Dave Beck, the present Teamsters president, is stepping out after refusing to tell the committee whether he misappropriated hundreds of thousands of dollars of Teamster funds.

Britain Reports Anti-Flu Vaccine

LONDON (AP)—Britain announced today it has a new vaccine believed capable of fighting Asian flu.

"We are producing the vaccine and we hope that first supplies will be on sale in the shops within a month," said Dr. Freddy Himmelweit, director of research at the Institute of Microbiology, St. Mary's Hospital.

Tests Satisfactory

"The vaccine will be taken by injection and it is hoped that about a quarter of a teaspoonful will give immunity for one season."

Dr. Himmelweit said the vaccine had been tested satisfactorily on 120 army and air force volunteers.

"From inference, we have good reason to believe that the vaccine will give protection against Asian flu," he said, "although we cannot be certain until an epidemic comes."

Health experts here have predicted that Britain will be hit by an epidemic in the fall.

To Seek Record

CANANDAIGUA (AP) — Donald Campbell said today he would resume his attempts to break his world water speed record a week from today on Canandaigua Lake.

Campbell has rocketed his jet hydroplane, Bluebird II, to better than 150 m.p.h. here, but failed to break the record when conditions proved less than ideal.

He said he would try for a record Aug. 15 through 17 if the weather permits. Official timers, who have been at the Gold Cup races since Aug. 1, will be back for the runs.

As before, Campbell will make the runs between five and eight in the morning when the lake is calmest. Patrol boats will cordon off the area.

Two in Hospital After Collision In Saxton Sector

Two people were taken to Benedictine Hospital late Wednesday afternoon with injuries suffered in a two-car collision on Route 32 in the hamlet of Saxton.

One of them, Agnes Warns, 74, of Broadhead, was reported by Kingston state police to be in apparently serious condition. No check was immediately available this morning at Benedictine Hospital.

She suffered lacerations of the right hand and chin and deep shock due to a previous heart condition, according to troopers.

She was a passenger in a 1950 sedan operated by John H. Sohl, 71, of New York City.

Sohl, who suffered a deep laceration of the scalp and a laceration of the left elbow, was reported in "fair" condition.

They were treated at the scene by Dr. B. W. Gifford of Saugerties and taken to the hospital by Layton Ambulance.

Troopers Paul Mitchell and J. Ventriglia reported that a 1957 sedan operated by Orville A. Slutzky, 40, of Box 156, Hunter, was proceeding north on Route 32 when it was in collision with the Sohl vehicle proceeding south on Route 32A.

Sohl reportedly stopped for a stop sign at the intersection, then proceeded south across Route 32 into the path of the Slutzky car.

Wet Line From Florida to West Of Great Lakes

By The Associated Press

A band of precipitation—mostly scattered showers and thundershowers — today extended from Florida along the Gulf Coast into Texas, the southern and central plains states and northeastward into western portions of the Great Lakes.

Elsewhere across the country skies were generally fair.

The mid and north Atlantic coast states looked for continued warming while cool Pacific air spread into the northwestern Great Lakes.

Cool Pacific air moving east through the northern plains triggered overnight showers from the northwestern Great Lakes region southwestward through Nebraska, southern Wyoming and northern Colorado.

Just east of the cooler air southerly winds kept temperatures in the mid 70s but they tumbled rapidly through the eastern Great Lakes and most of the northeast quarter of the nation where cool Canadian air still predominated. Most temperatures in the area were in the 60s wih some 40s reported in New England.

Town of Ulster Extends Program For Recreation

The Town of Ulster youth recreation program has been extended an additional week to August 22, according to George Fernandez director of recreation.

Mr. Fernandez said that due to the large numbers using the facilities and a new record attendance in the swimming classes of 93, Supervisor Percy Bush had informed him that the program would be extended another week. Supervisor Bush visited the swimming activities of the program at Spring Lake last week and announced that two extra swimming supervisors had been engaged to handle the larger attendances.

Those who will be assisting Mr. Fernandez and Mrs. Margaret Kyff are Mrs. Lorraine Ferraro and Donald Reed.

The movie schedule for the coming week was announced as follows: Monday, Aug. 12, "Beyond a Reasonable Doubt" East Kingston Pavilion; Aug. 13, "Hell Below Zero" Lake Katrine School and Aug. 14 "The Square Jungle" Chambers School. The movies start at 7:30 p. m.

Swimming classes are held Tuesday and Thursdays from 1 to 4 p. m. Children under 8 years cannot enroll. The bus leaves East Kingston at 12:30. Further information may be obtained from Mr. Fernandez at the Chambers School.

Financial Aid Is Promised in Trailer Actions

Financial aid has been promised organized trailer dealers and mobile home park operators of the area in legal actions that looks like threats against sales and establishments of trailer courts in communities, it was announced today.

The news came out of a meeting Wednesday night of the Hudson Valley Chapter, New York Mobile Homes Association.

It was reported that 39 attended the session at Acre Inn, Albany Avenue Extension, representing Ulster, Orange, Dutchess and Sullivan counties.

At the meeting it was explained that the state association would furnish funds to help the organized trailer groups fight court actions that are considered steps toward eliminating their existence in communities.

Paul Samuels of Poughkeepsie, attorney for the valley chapter, was among those present for the discussion period.

Jap Police Report Airman's Negligence

MITO, Japan (AP)—Japanese police today gave the Mito prosecutor evidence that they believe shows a Japanese woman was killed through the negligence of an American pilot. Air Force officials insist the death was accidental.

The police delivered the results of an investigation, explaining "it is up to the prosecutor's office to lay charges . . . if any are to be laid." Details of the results were not disclosed.

Air Force officials at Johnson Air Force Base said a single-engine L20 liaison plane, piloted by 1st Lt. John L. Gordon, 27, of Erie, Pa., lost altitude on takeoff on Aug. 2 and struck the Japanese woman riding a bicycle. She was killed and her son was seriously injured.

The Nakaminato city assembly investigated and said the pilot was stunt flying in the area at the time of the accident and was not taking off. The police investigation was conducted separately.

The Air Force reported the pilot was "very upset," and visited the dead woman's family last Saturday to express his condolences. Following Japanese custom, he gave flowers and 36,000 yen ($100) condolence money to the family. His friends at the base contributed another 9,000 yen.

Col. Edward R. Casey, commander of Johnson Air Base, said the death "was completely an accident." He explained that the plane had difficulty clearing the ground after taking off from Utito gunnery range because of extreme heat. Extreme heat could reduce engine power and impair the lift of the plane.

Casey said the Air Force also was investigating the possibility of a malfunction of wing flaps.

Wallkill

WALLKILL—Timmy Riggins, son of Mr. and Mrs. Owen Riggins of Wallkill, celebrated his fifth birthday Tuesday with a party at his home.

Youngsters gathering for the celebration were Keith and Lee Prescott, Gregory Earle, Paul Terwilliger, Michael Ruger, Mary Ann and Jerry Sherman, Linda Velders and Ricky, Betty Ann, Danny and Peter Riggins.

Tuesday, Aug. 13, at 2 p. m., the second workshop session of the Willing Workers will be held at the home of Mrs. Tillie Seurat. Aprons will be the project for the ladies next week, and all members are invited to participate. Refreshments will be served.

The George Washington Band of Montgomery will present a band concert on the library lawn in Wallkill Friday, Aug. 16 at 8:15 p. m.

This event is a first of its kind in Wallkill and is sponsored by the Wallkill community cabin committee. Mrs. Audrey Harris is general chairman, while Mrs. Erna Mahlandt is in charge of the refreshment stand. All residents are urged to attend and and enjoy an evening of music.

Saturday Last for Bargains

Crowds Are Out Today For Opening of Sales

Kingston Sales Days opened auspiciously this morning with crowds thronging streets and stores in the uptown business section, a spot check by The Freeman disclosed early this afternoon.

Today was the first day of a three-day sale sponsored by the Uptown Businessmen's Association with 46 participating merchants. Parking lots were reported jammed.

Fine weather also assisted materially in bringing out the city's shopping contingent.

Saturday Is the Last Day

Joseph Scholar Jr., president of the Uptown Businessmen's Association, told The Freeman he was "very, very pleased. I truly believe this will probably be the most successful uptown sale we've had in many years."

He praised Stanley London, chairman of the Kingston Days Committee, and John R. Buffington, assistant chairman, for a "wonderful job of promotion."

Many Good Buys

He said there were many good bargains and "plenty of them." There will also be "plenty" left for Friday and Saturday, according to reports from uptown merchants, Mr. Scholar said.

He said his own store, Joseph Scholar and Son, was "up to our ears."

"It looks tremendous — very very terrific," Oscar London of London's Youth Center told the Freeman.

"The way it looks we will go way ahead," Mr. London said. He also stated that the store had done 50 per cent of a day's business within the first two hours this morning.

George Schneider of Schneider's Jewelry Store said sales had been very good, better than in previous years. He said that he said that he had observed that the streets were very crowded.

George Svirsky of United Cut Rate Pharmacy said that so far the sales had been excellent, "better than last year with more traffic in the store."

Harold Kaye of Kaye Sportswair said that it was the "biggest we have ever had. I have never seen the like of it before. We are very, very happy."

Bernard Goldman of Goldman's said the store had had a "very good day and sales have been excellent."

Cody Is Given 15 Days on Charge of Resisting Officer

Lawrence Cody, Jr., 28, of 49 Meadow Street, arrested first on a disorderly conduct charge early today, was booked on a second count dealing with resistance of an officer.

A jail sentence of 15 days was imposed by City Judge Raymond J. Mino after he pleaded guilty to the second charge, but he is due for later trial on the disorderly conduct count to which he pleaded innocent.

A police report at 2:37 a. m., noted a call for a patrol car to lower Broadway, where, it was said, Cody was arguing with two persons in a car.

It was charged that he refused to move away from the car when ordered to do so by Officer Gurnsey Burger Sr., but finally went to the other side of the street, continuing to argue with persons in another car.

Officer Burger arrested him on the disorderly conduct charge when he failed to leave the area as ordered the second time. Officer Garvin Fisher arrested him for resisting an officer outside the city hall.

It was also noted that Cody had damaged a window in the patrol car when it was en route to the jail.

Man Is Sought

PLAIFIELD, N. J. (AP)—Police have issued a 13-state alarm for a man with blood stained clothing in their search for the killer of a 25-year-old mother of two.

The victim, Mrs. Ruth Petrosky, was found stabbed to death in the cellar of her home here last night.

Police said the attractive woman's fully clothed body was found lying face up in a pool of blood. Acting Police Chief John V. Denny said she had been stabbed "at least 13 times" in the chest, stomach, arms and neck.

No weapons were found at the scene, Denny said, and there were no signs of a struggle in the trash-filled, half darkened basement.

President Awards DSM to Radford

WASHINGTON (AP) — President Eisenhower today awarded a Distinguished Service Medal to Adm. Arthur W. Radford to mark Radford's retirement as chairman of the joint chiefs of staff.

In a surprise ceremony in the White House rose garden, the President pinned a gold star—in lieu of a fourth DSM—on the admiral's chest and told him:

"It's a great honor and privilege to participate in this ceremony.

"It is also with very great regret that we now say goodby to you officially, but we hope you will be around where we can talk to you."

Radford replied:

"I have thoroughly enjoyed my four years on your team, Mr. President, and I leave with great regret."

Radford's wife and Vice President Nixon stood with the admiral and chief executive during the brief ceremony. More than a score of high ranking military and civilian officials attended.

Woman Charged In Mate's Death

WICHITA FALLS, Tex. (AP)—Mrs. David Payne, 33, was charged with the slaying of her husband yesterday and accused of inducing an 8-year-old daughter to fire the shot.

Payne was found dead in bed Tuesday night at their two-room apartment in nearby Burkburnett, Tex. He had been shot in the head with a .410 shotgun.

Sheriff Weldon Bailey and Asst. Dist Atty. Gene Richie said Sharon Sue Payne told them her mother suggested they kill her father so they could have a better life.

Sharon Sue was quoted as saying her mother handed her the shotgun and she went into the bedroom, held the barrel about an inch from her father's head and pulled the trigger.

Mrs. Payne denied the charge. She said she was in the bathroom, heard a shot and found Sharon Sue in the bedroom with the gun.

Youth Is Charged With Kidnaping Cobleskill Girl

SCHOHARIE (AP)—A 20-year-old Middleburg youth was ordered held for a grand jury after arraignment before a peace justice today on a charge of abducting a 14-year-old Cobleskill girl.

The youth, Clark James Shepard, was arrested Tuesday night in Honesdale, Pa., where the two were living as man and wife, police said.

The girl was not identified.

Authorities said Shepard and the girl went to Honesdale July 28. Both Cobleskill and Middleburg are in Schoharie County.

Police entered the case after the girl placed a telephone call to an unidentified girl friend in Cobleskill. She told the friend, police said, that she wanted to leave Shepard, but could not.

The girl's mother and brother picked her up yesterday at the home of a parole officer. Police had taken her there after Shepard's arrest.

Shepard waived extradition at a hearing in Honesdale yesterday and was taken into custody by New York state police. He was arraigned early today before Peace Justice Claude Clark of Schoharie County and committed to the county jail.

Pope Is Urged To Halt Racial Integration Step

NEW ORLEANS (AP)—A group of New Orleans Catholics appealed today to Pope Pius XII in Rome to halt any racial integration by the church.

Members of The Association of Catholic Laymen asked:

1. That Archbishop Joseph Francis Rummel of New Orleans be requested "to take no further steps" toward integration in Catholic schools pending a papal pronouncement.

2. That the papacy decree that segregation is not morally wrong and sinful as it has been defined by the archbishop.

Archbishop Rummel has indicated that Catholic schools in the archdiocese would be integrated but has set no date for the action.

He also ordered members of the laymen's association to discontinu their activities in favor of segregation and the organization also has appealed this order.

Emile A. Wagner Jr., president of the laymen's group, and Jackson G. Ricau, executive secretary, made public excerpts from a letter accompanying the appeal to the Pope.

Waters Concern Reds

MOSCOW (AP)—The official publication of the Soviet navy today expressed concern over what it called the possibility of the United States turning Iranian territorial waters into an American lake.

Soviet Fleet said the United States had delivered 10 warships to Iran in the past two years.

It quoted an Iranian publication "Echo of Iran" as saying that "the United States is preparing the shores of the Persian Gulf for a landing by American troops and possible invasion of Soviet territory via the Caspian Sea in the event of a necessity."

Named to Key Posts at IBM

International Business Machines Corporation announced here Tuesday the appointment of four employes to key Military Products Division posts.

The men are (l-r) Stuart M. Buchan of Saugerties, James S. Crosby Jr. of Poughkeepsie, Anson G. Sherman of Boiceville and William L. Batchelor of Saugerties.

Buchan was named project manager in the quality control department; Crosby, development engineer in the systems engineering department; Sherman, industrial engineer in the manufacturing planning and tool engineering department and Batchelor, advisory engineer in the contracts administration department.

Buchan joined IBM in 1947 as a toolmaker apprentice, became a model maker and then a quality analyst. In 1956 he was named manager of site quality control.

He lives in Barclay Heights, Saugerties, with his wife, Lois and daughter, Debralea, 1.

Crosby joined IBM in December, 1950, as a customer engineer. He transferred to the IBM Military Products Division, Kingston, in December, 1953, as a technical engineer and advanced through several engineering positions prior to his current appointment.

Crosby lives on Birchwood Drive, Red Hook with his wife, Ruth; daughter Christine, 6; and son. J. Thompson, 4.

Sherman joined IBM at Kingston in February, 1955, as a methods engineer in the tool and automatic machine design department.

He lives at 8 Piney Point Road, Boiceville, with his wife, Iona, and son, Richard 4.

Batchelor joined IBM in February, 1950, as a customer engineer in Chicago. He held several engineering positions in Poughkeepsie before his appointment to the contracts administration department at Kingston in September, 1956, as technical adviser and coordinator.

Batchelor lives in Saugerties with his wife, Virginia, and daughter, Diane Sue, 5.

Xylography is the art of engraving pictures on wood.

Why We Say--

EASY TO DO: When we say something is a cinch, we may not be referring to horse racing, but merely to the fact that something is easy to do. A cinch, though, is a saddle girth tightened with a complicated knot which makes it easy to handle during a race.

Propose Ballot At Marlboro For Fire Truck

Residents of Marlboro Fire District will soon have the opportunity to vote on a proposal to purchase a new pumper truck to replace the 20-year old truck now in operation, according to plans discussed at a recent meeting of the board of fire commissioners.

The Marlboro Fire District taxpayers have recently completed payments on a $10,000 five-year bond issue plus interest to cover the cost of the other pumper truck protecting the district.

Old Truck Operating

According to Thomas V. Polizzi, treasurer, the old truck is still in operating condition but not dependable in an emergency. A failure of fire apparatus when life and property are at stake must be avoided, he said.

The fire commissioners have estimated that a new pumper, fully equipped can be purchased for approximately $13,000, Mr. Polizzi said. No specifications have been prepared, but preliminary studies have been made as to cost of a 500 to 750 gallon-per-minute pumper mounted on a two-and-a-half ton truck with all the necessary equipment. Equipment should include suction hoses, nozzles, booster tank, booster hose and reel, ladders, pike pole, axes, crash bars, lights, fire extinguishers of several types, boot rails, foam proportioner and other items.

According to the commissioners' proposal the new expenditure will not effect the tax rate. For each of the last five years, the sum of $2,000 plus interest has been paid to retire the bonds issued for the purchase of the last piece of apparatus which is now fully paid. If the taxpayers approve the purchase of the new truck and authorize issuance of the bonds at the same rate, there will be no appreciable increase in fire taxes.

Cost $1 Per Year

Mr. Polizzi said the taxpayers can expect to pay approximately $1 per year per $1,000 of assessed valuation for each $2,000 yearly payment on the bond. The 1957 budget amounted to $11,064 and it is expected to be substantially the same with the addition of the new bond issue.

"The number of homes and new buildings in the district has increased tremendously during the last 20 years and in view of such development and expansion, the fire commissioners feel that it is necessary to replace the worn-out equipment," he said.

In San Diego, and Air Force H-21 helicopter dropped a cable, hooked up a 3,000 ton LST (Landing Ship Tank) and hauled the huge ship ashore. The H-21 helicopter weighs only 7 tons.

New Expressway Section to Open N.Y. in October

SYRACUSE (AP)—A 13-mile section of interstate Route 505, popularly known as the Penn-Can expressway, will be open to traffic by the first of October, nearly a year ahead of contract schedules.

Earle E. Towlson, acting district engineer of the Syracuse district of the State Public Works Department, said today the four-lane strip between Tully and Nedrow was nearing completion.

He said paving would be completed within the next 10 days, "weather permitting."

Parallels Route 11

The controlled-access highway will be linked with a similar route at the New York-Pennsylvania border in Broome County. It will parallel Route 11 to Syracuse and after skirting Watertown will terminate at the Thousand Island Bridge at Alexandria Bay, Jefferson County.

Towlson said the Tully-Nedrow section was scheduled for completion on Aug. 1, 1958. He said the work went ahead of schedule in spite of washouts and the recently ended cement strike. Heavy rains last week did an estimated $15,000 damage to trimmed slopes, seeding and sod cutters along the strip, Towlson said.

The 190-mile super highway is part of the federal government's interstate highway system.

Melodrama Is Chosen As Foundation Play

Woodstock — Announcement has been made by Edward N. Goddard, president, that the Woodstock Foundation, Inc., will again present the gripping Gay 90's melodrama, "Gold In the Hills, Or the Dead Sister's Secret" early this fall for its annual fund-raising production. The play, which gives the audience full rein in booing the villain and urging the hero to greater "daring do" gave the Woodstock Foundation its unique reputation when it was presented with great success two years in succession several seasons ago. The Foundation is fortunate again this year in securing the services of Houston Richards, who directed the original production.

According to Goddard it is particularly fitting this year that "Gold In The Hills" be given again in that the motivating spirit of Foundation activities will take the form of a memorial to the late Sidney Berkowitz, a founder and past president of the organization, whose death this spring created a great loss in the ranks of the Foundation. The eager designs to help worthy and talented people in the field of the arts, through the annual Foundation awards, with which Mr. Berkowitz imbued the members, the ebullient Gay 90's theme, and the fun everyone concerned has in creating the show, have all become synonymous with the Foundation, he said.

Anyone who contributes time, talent or money to a Foundation show automatically becomes a member. Anyone who is interested in participating in this year's production is cordially invited to attend the general meeting, Thursday 8 p. m., in the basement of the Dutch Reformed Church.

3 Children Baptized At St. Gregory's

Three small children were baptized by the Rev. Herald C. Swezy, vicar of St. Gregory's Episcopal Church, Sunday following the morning service. The first was James Kevin, infant son of Mr. and Mrs. Allen Chase of Wittenberg, with sponsors being Mrs. Shirley Teetsel of Saugerties, Clifford Chase of Lake Hill and Clyde Knauert of Saugerties. Also Victoria Jane and Margery Ellen, small daughters of Mr. and Mrs. George Braik of Brooklyn, with sponsors being Mrs. Grahn Kerpen and Mr. and Mrs. William Wingate of Woodstock.

Schimmerling Recital Scheduled August 12

A new type of recital will be introduced by H. A. Schimmerling on the occasion of his third Harmony Hill concert Monday, Aug. 12, at 8:30 p. m. in the Maverick. The Austrian program will feature the music from Haydn to the Twelve-Tone Music without disregarding the entertaining Viennese music of Johann Strauss, Robert Stolz and others. An exhibition of photographs, manuscripts and other items relating to the composers featured, will open at 8 p. m. It will contain the newest Austrian music publications; first editions of works by Johann Strauss, Beethoven; portraits of Austrian composers and conductors; scenic pictures from performances at the Vienna State Opera and the Saltzberg Festival; views of famous Austrian music sites such as the Schubert and Beethoven house in Vienna, the Mozart Museum, the Brahms studio, and many more.

Woodstock's favorite soprano Naomi Lieberman and Mr. Schimmerling, pianist, will be the performers. Mr. Schimmerling will also comment upon Austrian music generally, the compositions of the program especially and the exhibition items on display.

Mr. Schimmerling announced that the Austrian consul general will be represented and that members of the Austrian delegation to the United Nations will also be present.

Sale for the Blind Is Scheduled August 20

The schedule of committees serving at the annual Woodstock sale of articles made by the blind, to be held from 9 a. m. to 4 p. m., Tuesday, Aug. 20, on the Lutheran Church lawn, has been announced as listed below.

The sale is under the direction of the general chairman, Mrs. John Wolven.

The schedule is as follows: 9 a. m. to 4 p. m., mixed committees from the Dutch Reformed Church, Mrs. Iven Freer, chairman; St. Gregory's Episcopal Church, Mrs. Fennell Franckling, chairman; Methodist; St. Joan of Arc Catholic; Lutheran, Miss Florence Peper, chairman; and the American Legion Auxiliary, Mrs. Ruth Bark, chairman.

Residents of Woodstock and vicinity are urged to visit the sale and buy what they need from the blind.

Turnau Opera Exhibit Displayed at Byrdcliffe

The second exhibition of painting and sculpture being shown in conjunction with the production of the Turnau Opera Players opened Aug. 6, at the Byrdcliffe Theatre. Sponsored by Peter Whitehead and Sally Turnau, the works are being shown through the courtesy of the Rudolf Galleries, the Polari Gallery and the Heubsch Gallery. Artists whose works are included are: Reginald Wilson, Arnold Blanch, Doris Lee, Cecile Forman, Ainslee Burke, Richard Crist, Bernard Steffan, Gerry Walters, Gladys Brodsky, Anton Refregier, Caroline Wilson, Sydney Laufman, Phoebe Towbin, Tatania Padwa. In the sculpture group are: Hannah Small, Tomas Penning, James Turnbll, Amy Gans Small and Harvey Fite.

Serving on the committee of selection were Amy Gans Small, Howard Mandel, Arthur Zaidenberg and Tommy Beere.

Thanks Contributors

The co-chairmen of the Woodstock Library Fair, which was held Thursday, July 25, Mrs. Gordon Taylor, Mrs. Kenneth E. Martin and Mrs. Inger Walker, have expressed their thanks to friends in Woodstock and the surrounding area, as follows:

"The ever popular and wonderfully successful Woodstock Library Fair is over for another year. For the 30th time, the Library grounds have been cleared of booths and tables, the lawn is beginning to show fewer and fewer signs of the thousands of trampling feet which marched over it, and the storage sheds have reclaimed their tables and decorations. The hundreds of workers who gave so freely and so generously of their time and effort are relaxing for the first time in months. We can only hope that the residents of Woodstock and towns throughout this section of New York State found the Fair a pleasant place to be and their purchases real bargains.

"To the chairmen of the Library Fair is assigned the very pleasant task of thanking all of you for your many donations and contributions, and for your eagerness to give wholeheartedly of your time and energy to make the 1957 Library Fair the fabulous success it was!

"May we thank you one and all for helping us to carry on one of Woodstock's oldest traditions—and for supporting the fair so wholeheartedly.

"Everyone in town did something for the fair in some measure, from those who collected, sorted and repaired, to those who handled committees and counters — from those who donated and contributed to those who bought and carried home. Special thanks go to Sidney Greenberg who helped us out in so many little ways during pre-Fair preparations and who rescued us when the prizes ran out at the game concessions during a crucial hour of the big day itself. And special thanks, again, to everyone who helped in any way. The amount realized for our library was more than gratifying. Without the help of all of you, we could not have done it. Thank you again, most sincerely."

Church Notices

The practical power of goodness and spirituality will be set forth at Christian Science services Sunday, Aug. 11, at the Woodstock church.

Keynoting the lesson-sermon entitled "Spirit" is the Golden Text from I Corinthians (2:12): "Now we have received, not the spirit of the world, but the spirit which is of God."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (277: 7-9): "As God Himself is good and is Spirit, goodness and spirituality must be immortal."

Scriptural selections will include the following from II Corinthians (3: 4, 5): "And such trust have we through Christ to God-ward: Not that we are sufficient of ourselves to think any thing as of ourselves; but our sufficiency is of God."

The sermon by the pastor, the Rev. Harvey I. Todd, will deal with the subject "Jesus, Peter and You," Sunday, Aug. 11, at the 11 a. m. service of worship in the Dutch Reformed Church. "It is always reasonable," Mr. Todd said, "to classify ourselves spiritually as individuals. So we look at Jesus and we look at ourselves. What a difference! Yet may it not be that the Master sees something of promise in us?"

Mrs. Mildred Dilling will be present with her harp to play Handel's "Largo" accompanied by the organ for the opening of the worship and later will perform a solo number.

The Rev. Garnett M. Wilder will preach a sermon titled: "Drought—Doubt, and What's It All About" in all the churches of the Woodstock parish, Sunday, Aug. 11. The sermon is the result of a request by a church member for the minister to preach on the subject of the current drought in connection with the general question of providence. What we Christians believe about drought, tornadoes, hurricanes, and other natural calamity? Must God bear the responsibility of both natural and human evil in the world? Everyone is invited to attend worship at the Woodstock Methdist Church when the answers to these questions will be sought.

The Wittenberg-Methodist Vacation Church School, which is in progress this week, will hold its graduation exercises Friday at the church at 8 p. m. All parents and friends of the children attending the school are invited to come to the event. The children will sing the choruses they have learned, and tell of their studies during the week. Their craft-work will also be displayed. Those pupils with 80 per cent attendance will be given special awards.

The Vacation Church School of the Methodist Church at Shady will begin Monday, Aug. 12 and continue through Friday, Aug. 16. The school begins each morning at 9:30 and continues until 11:30. Choruses, Bible teaching, games, crafts and refreshments will be featured. All children in the Shady community are especially invited.

The Wesleyan Service Guild, the Woodstock Methodist Church will meet Monday, Aug. 12 at 8 p. m. at the home of Mrs. Elbert Varney. Mrs. Michael Boyle is in charge of the program. The group is organized especially for employed women or for young mothers who prefer an evening meeting.

Dutch Village Fair Is Scheduled August 15

The Dutch Village Fair will be held at the Woodstock Reformed Church and on the village green, Thursday, Aug. 15, beginning at 10 a. m. The variety of articles offered for sale include home-cooked food and baked goods, "glad rags", things for children, groceries, embroideries and other hand-stitched materials, books, records, vegetables, flowers, attic treasures, and many other items. Light refreshments and beverages will be on sale.

At 3:30 p. m., there will be an auction of household furnishings that have come in at the last moment unexpectedly including electric refrigerator and stove.

Boy Scout News

The Scouts of Troop 34 under the leadership of Scoutmaster William Doran Jr. and Rodney Lethbridge, accompanied by Explorer Scouts Leon Hood and Cappy Foster camped out in Thacher Park in the Heldeberg Mountains southwest of Albany over the weekend. The Scouts cooked their own meals and explored caves and other interesting geological formations. In the group were Scouts John Doran, Willie White, David Matthews, Harley Avery, Terry Van Valkenburgh, Richie Metlert, and Albert Holumzer Jr. A heavy shower proved that the tents need to be water-proofed, a project to be undertaken later.

Gallery Evening Is Scheduled on Friday

The Woodstock Artists Association will present a Gallery Evening featuring a lecture on extra sensory perception by James Orser, entitled "A Search for Meanings," Friday, Aug. 9, at 8:30 p. m.

Campfire Girls have 480,000 members.

NEW HURLEY—Mr. and Mrs. Robert Grant and sons, Robert Jr. and Stephen of New Jersey, spent Wednesday at the home of his parents, Mr. and Mrs. William Grant.

Mr. and Mrs. Peter Karey are entertaining Mr. Karey's brother at their home for a few days.

Mr. and Mrs. Arthur Kelder of Mettacohants were dinner guests Sunday at the home of their niece and nephew, Mr. and Mrs. Myron Anderson.

Cards have been received in this place from Mr. and Mrs. Robert Hoeksema who are enjoying a trip to Germany, England, Scotland and Holland. Mrs. Hoeksema is the former Lucille Tysse, daughter of the Rev. and Mrs. John W. Tysee. The Rev. Mr. Tysee was a former pastor here.

Mr. and Mrs. Gerow Wilkin have returned home after spending several days with their cousins, Mr. and Mrs. Herbert Gerow at Adams, N. Y.

John Ross Wilkin spent the weekend with his grandparents, Mr. and Mrs. Ross VanDemark at Gardinertown.

The Rev. Frederick Jansen, Protestant chaplain of the Wallkill Medium Security Prison, will preach in the New Hurley Reformed Church, Aug. 11, at 9:30 a. m. All are invited to attend these services. There will be no Sunday school during August.

The net proceeds from the New Hurley Reformed Church Fair amounted to about $470.

New Farm Group In U. S. Picture

By OVID A. MARTIN

WASHINGTON (AP) — A new national farm group has entered the agricultural program promotion field.

It is a conference of 36 specialized farm commodity organizations formed at a two-day closed meeting which ended here yesterday. Operating independently in the past, they decided to join hands in an attempt to get what they called improved federal farm aid measures.

Meet Next Month

This decision to work together was made, a spokesman said, because of a sharp division of views among present general farm organizations and members of Congress over Eisenhower administration agricultural policies and over substitute proposals.

The conference will hold another meeting here Sept. 25-26 to go over individual commodity program plans expected to be developed in the meantime by an arrangements committee.

A final meeting to put the proposals into shape for presentation to Congress next year will be held some time in December. The spokesman said there is no present intention of making the conference a permanent organization to compete with the big national organizations.

In the meantime, the four major farm organizations will hold annual conventions to draft platforms and policy statements, also for Congress. These organizations include the American Farm Bureau Federation, the National Farmers Union, the National Grange and the National Council of Farmer Cooperatives.

Agree on 2 Items

Before adjourning yesterday, the conference agreed on two things—that there is need for more rigid restrictions on imports of competitive farm products and that a better standard is needed for measuring fair farm prices as they relate to prices charged farmers.

E. M. Norton of Washington, secretary of the National Milk Producers Federation, was named chairman of the conference arrangements committee. It was largely through his efforts that the specialized farm groups got together.

In 1954 the University of Rhode Island offered free tuition in its evening classes to men and women 70 years or older.

Craft to Conduct

nition for Mr. Craft. Noteworthy were his recordings of the complete works of Anton Webern for Columbia Records and the Madrigals of Gesualdo, a 16th Century Italian composer.

He also conducted "The Rake's Progress," an opera by Stravinsky, in Santa Fe, New Mexico, earlier this summer. Last month he was guest conductor of the Boston Symphony Orchestra at the New England Arts Festival in Boston.

Mr. Craft has also been published in a number of magazines. An interview with Mr. Stravinsky appeared in a recent issue of the Atlantic Monthly. Articles about Mr. Craft have appeared recently in Time, Esquire, High Fidelity, the New York Times and other magazines and newspapers.

called the aggressive plans of the "imperialist western powers" in West Germany, Khrushchev said:

"The policy of militarization followed presently by the ruling quarters of West Germany and by the western powers puts the peoples of Europe and the German people in the first place in an extremely dangerous situation."

The Russian charged the western powers want "to have a reunified Germany which would be an obedient tool of their aggressive plans."

Khrushchev also lambasted Adenauer but insisted that Russia "has not and will not mix in the Sept. 15 elections in the federal republic."

$27,000 Suit Is Filed Against MacFadden Estate

JERSEY CITY, N. J. (AP)—Martha D. Stacy of Niagara Falls, N. Y., has filed a $27,000 suit against the executors of the Bernarr MacFadden estate.

The plaintiff is executrix of the estate of Len Stacy of Niagara Falls, N. Y., who died May 26, 1956.

Named as defendants in the suit were Paul C. Winkler, Physical Culture Hotel, Danville, N. Y., and Edward F. Bodin, Wallpack Center, N. J.

Died 2 Years Ago

MacFadden, a publisher and famous physical culture exponent, died in Jersey City two years ago at the age of 87.

The complaint charged that Stacy had rendered MacFadden valuable services and provided advice and counsel over a five-year period and that he was only paid $6,000. The complaint did not specify what the services were.

The suit, filed in Hudson County court yesterday, said that when MacFadden died he had in his possession three $1,000 cashiers checks made out to "Lemuel Scacy." The plaintiff claims she is entitled to those checks.

space on John Street.

No Date Stipulated

Construction is under way but no completion date has been set.

The second floor will be rebuilt to conform to the desires of prospective tenants and will be available for professional use rentals, Cole said. Entrance will be from John Street. New heat, electrical wiring and plumbing are being installed.

Cole said this was the first break away from the Wall Street business block by a large chain and "points the way to a larger business section, rather than away from or out of the city into the shopping centers."

The narrow span, dating back to the horse-and-buddy days, was damaged in a 1955 flood and was closed for some time pending repairs.

An announcement last month by the State Public Works Department said the new bridge will be built a few hundred feet to the north of the present span. Both approach roads will be wider than the highway leading over the present bridge.

Bel Aircraft Buys Seventh Subsidary

BUFFALO (AP) — The Bell Aircraft Corp. announced today that it has bought the Birma Manufacturing Co., Inc. of Buffalo and Greenfield, Ind., for an undisclosed amount of cash and stock.

Birma, which becomes Bell's seventh wholly owned subsidiary, makes molded fibre glass products. It was founded in 1942 primarily to do subcontract work for Bell.

President Leston Faneuf of Bell becomes chairman of the board of Birma. George P. Manning remains as president of the company.

Leaves From Boyle's Notebook

By HAL BOYLE

NEW YORK (AP)—Tales and tidbits:

The U. S. housewife is becoming more and more electric — or at least electricity-minded.

Did you know that about one out of every 10 American women now uses an electric shaver?

This electrifying nugget of knowledge was disclosed in a survey which also found that 96.2 per cent of modern homes (those with wires) now have radios and 81 per cent have television sets.

Drinks, Dishes by Hand

In most families, however, father still has to mix his drinks and do the dishes by hand. Some 94.3 per cent of our homes are without blenders and 94.3 per cent have no automatic dishwashers.

Is it true that "an elephant never forgets?"

A German zoologist set out with typical Teutonic thoroughness to get the scientific answer. He found out that the elephant, which has a 13-pound brain (slightly larger than that of the average Harvard freshman) does forget—but, by and large, appears to have a pretty fair memory.

He found, for example, that one lady elephant, when presented again with 13 pairs of cards she had learned before but hadn't viewed for a full year, had a recognition rating ranging from 73 to 100 per cent in 500 trials. The zoologist thought that was pretty good.

But wouldn't you like to get a rich lady elephant into a sky's-the-limit poker game, with all face cards wild?

Prefers Fuel Shortage

Crusade for Freedom relays the story of the Romanian Communist who died and went to hell. When he arrived at the entrance, he was surprised to find two doors.

On one door was the notice, "Communist hell," and on the other, "Capitalist hell."

Which do you choose?' he was asked.

"The Communist hell, of course," he replied. "There is bound to be a fuel shortage!"

The Bordeaux section of France, noted for its wine, is busting its buttons in pride because a survey found it had, proportionate to its population, the largest number of centenarians in the country.

In one parish alone—St. Julien—50 couples had been wed 50 years or more.

Cheers Wine Producers

Marie Roubert, who was 104, cheered the wine producers by attributing her longevity to the fact that for over a century her diet had included red wine—and snails.

The prize example of virility, however, was Jean Mansard. At 99 Monsieur Mansard, who already had 9 children, married a girl of 18, who in due time bore the proud man his tenth offspring.

Judge Rules Dog Must Decide on Rightful Master

CHICAGO (AP)—Was Tobey, a 3-year-old Boston bull terrier, "dognapped" from his master or not?

Refusing to rely on mere human testimony a circuit court judge yesterday ruled Tobey himself—through a wag of his tail—will solve the dilemma.

Judge Jacob M. Braude ordered the terrier brought before him Aug. 22 to determine whether Tobey wants as his master an Omaha divorcee or her former husband.

Says Wife Took Dog

Clarence Gaughen, 49, of Chicago, told the court yesterday his former wife took Tobey, now in Omaha, out of his backyard "while I wasn't looking." He asked that she be cited for contempt and he be allowed to stop alimony payments.

Mrs. Gaughen was not in court, but her attorney, Charles C. Cooley, said his client was not a dognapper.

"She came to Chicago and dropped by her former husband's home for a visit," Cooley said. "She could sense Tobey was terribly unhappy. It could not be 'dognapping' because Tobey accompanied her willingly—wagging his stub tail."

Judge Braude says it's now up to Tobey and his stub tail.

Completion of plans for the meetings during the forthcoming year was indicated by Vincent L. Amato, meeting director and Sevah P. Griffin, program director said that speakers have been secured for all meetings. There will be eight meetings held at Poughkeepsie, one at Kingston and one at Newburgh.

Those attending the meeting were Hamilton E. Meharg, Earl E. Bennett, Charles S. Scott Jr., Mrs. Mary G. Mulcahy, Glen Meyers, Vincent Amato, Miss Marion Dingee, M. Kenneth Eidle, Irwin Schwartz, Sevah P. Griffin, Edwin A. Drews and Ronald P. McKeefrey.

Youth Arrested After Accident

A 17 - year - old Alligerville youth was arrested by Kingston state police Wednesday afternoon for failing to use caution when entering a roadway.

The arrest of Anthony Eugene Battelle followed a collision between the 1956 sedan he was operating and a 1953 station wagon owned by Edward J. Civill and operated by Evelyn R. Civill, 42, of Box 158, Stone Ridge.

The collision occurred on Route 209 in the hamlet of Hurley.

Troopers Paul Mitchell and J. Ventriglia reported that Mrs. Civill was proceeding south when Battelle pulled from a side road into the path of her station wagon.

The summons is returnable today before Justice of the Peace Roger Loughran of Hurley.

Spellman Accepts Chaplaincy of State K of C

His Eminence Francis Cardinal Spellman, Archbishop of New York, has accepted the State Chaplaincy of the Knights of Columbus, it was announced by State Deputy Emmett Burke of Yonkers. The fraternal order now numbers 108,000 members in the New York jurisdiction and has 290 councils from Long Island to Buffalo.

In requesting the Cardinal to serve, Mr. Burke pointed out that the Knights of Columbus this year are celebrating their 75th anniversary Diamond Jubilee and His Eminence the 25th anniversary of his consecration as a Bishop.

Cardinal Spellman has been a member of the K of C since his youth, joining the order in his native Whitman, Mass. He entered the Fourth Degree Oct. 11, 1942, when he headed a class of 300 candidates at the Hotel Astor, New York, which included two other Bishops and more than 30 members of the clergy. This was the occasion of the 450th anniversary of the discovery of America by Christopher Columbus, at which time the Knights rededicated themselves to the nation's war effort.

Price Corrections

Two price errors appeared in the United Cut Rate Pharmacy, 324 Wall street, advertisement in Wednesday's issue of the Freeman. Hot water bottles, regularly selling for $1.49, are on sale for $1, while the $2 Lustre Creme Shampoo is on sale for $1.59.

Approves Agreement

WASHINGTON (AP) — The Senate last night passed and sent to the President a House resolution granting the consent of Congress for New York State to enter into an agreement with Canada for the continuation of the Buffalo and Fort Erie Public Bridge Authority.

Broome Will Not Have to Pay Off Civil War Bond

ALBANY (AP)—The state attorney general says Broome County will not have to pay off on a $400 Civil War bond it issued in 1865 at 7 per cent interest.

Samuel Weinstein of New York City submitted the bond for payment to the county treasurer last year.

Atty. Gen. Louis J. Lefkowitz held yesterday, in an informal opinion, that the bond appeared to have been cashed and that, in any event, time for a claim had run out under the statute of limitations.

The bond was issued to raise money to pay bounties to men who enlisted in the Union Army in the Civil War.

Lefkowitz said the bond and interest coupons "are perforated in such a fashion as to indicate that it may have been . . . actually paid . . ."

Filmdom Changed By Hardy Death

Editor's note: The writer of the following story is the Associated Press chief of bureau at Los Angeles. He went to Hollywood 27 years ago to report movie news for AP.

By HUBBARD KEAVY

HOLLYWOOD (AP) — The face of Hollywood changed some with the death of Oliver (Babe) Hardy and we oldtimers who covered movieland in the heyday of Laurel and Hardy are saddened.

Both the 300-pound Hardy, who died yesterday, and his shy, slim, hand-wringing partner, Stan Laurel, have been ill for a long time and absent from the movie lots. But we who found them interesting off-screen as well as funny on it held hopes, probably false, that they would come back.

Saw New Life

They both talked frequently of a television series, after their quarter-century old films reached a new generation on TV. They said they saw a new life, new glory, new fortunes. At least they talked of these things, but in their hearts they must have known they never could reach the peak again.

Both were sensitive, intelligent men, despite the buffonery that catapulted them to stardom. In money matters, they were as unwise as most actors of the old days. They worked together for a dozen low-tax years, spending money like it grew on trees, before they formed a corporation with a vice president to countersign checks.

Hit by Alimony

Laurel told me in 1940 that "We haven't been so smart financially. We used to invest and then think about it." He and Babe dropped a wad in gold mines and oil wells

Alimony was an expensive luxury, too. Hardy was married two times, Laurel seven times—to four different wives. In 1938, Stan said he was insolvent—"too much alimony." It is not a matter of record, but knowing Laurel and Hardy I can well believe that Hardy supported Laurel during this period.

Never Had Feud

Laurel and Hardy were distinguished because, unlike other comedy teams, they never had a feud. They were separated once by contractual troubles, not of their own doing, and the pictures they made apart were dismal flops. In 1949 Babe played a few character roles because Stan was too ill to work "and I needed the money." But his salary went to the L&H Corporation, and ailing Stan shared in his partner's pay.

Hardy, the grown up kid caught with jam on his face, was asked how he and Stan got along so well when neither of them could get along with their wives. Stan answered: "We won't go into that." And he looked then just like the kid who didn't mean to do it but did.

Babe just looked at the ceiling.

Stan said yesterday when he heard about Babe: "That's the end of the history of Laurel and Hardy."

But some of us never will forget their finger-in-the-eye and brick-on-the-foot humor.

Proverb Enacted

Magnolia, Ark. (AP)—A cat's curiosity plunged an area from this south central Arkansas town to the Louisiana border into darkness one night. The cat crawled atop a main electric power circuit breaker here. Power company officials said a charge of 13,800 volts killed the cat. Power workers were stumped by the electric failure until someone spotted the dead cat.

Queens Man Named To State Position

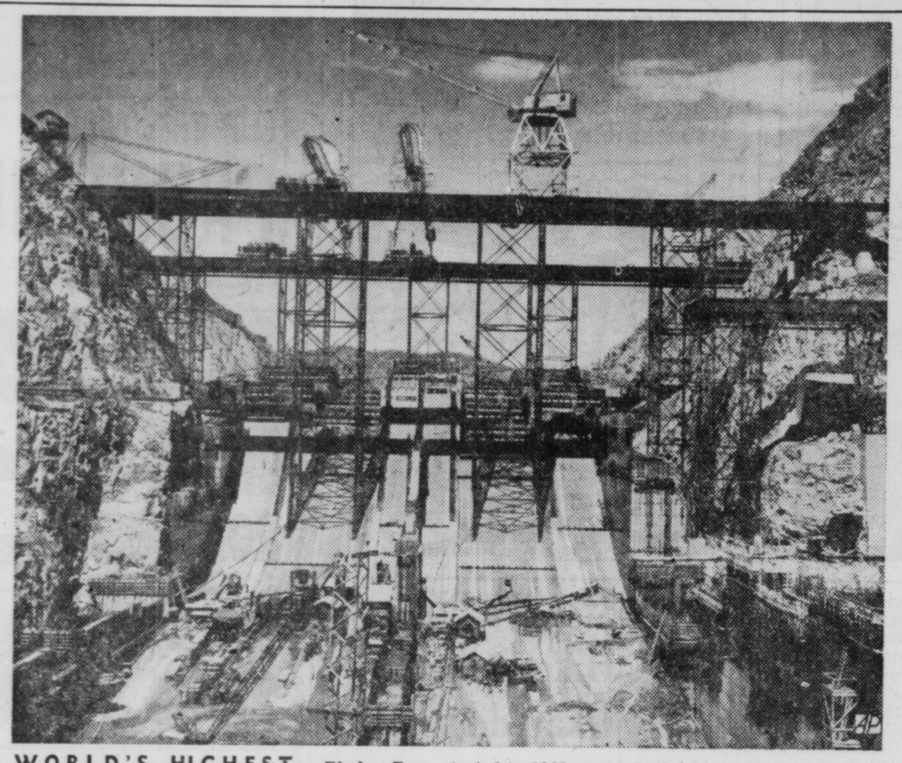
ALBANY (AP)—James J. Johnston of Queens today was appointed deputy commissioner of the State Division of Standards and Purchase.

Commissioner Charles L. Kriger named Johnston to the $12,280-a-year job to succeed Philip Berkowitz, who resigned recently to join the staff of the State Civil Defense Commission.

Johnston, 51, has been assistant to the president, in charge of engineering, purchasing and production, at the Aetna Steel Products Corp. in New York City.

Hasbroucks to Meet

The regular monthly meeting of Hasbrouck Engine Company of Connelly will be held tonight at 8 o'clock.



WORLD'S HIGHEST — Bhakra Dam, started in 1948 on the Sutlej River north of New Delhi, India, will be the world's highest — 740 feet — when it is completed in 1960 at cost of $135,000,000. Entirely Indian-financed, it is using much U. S.-made equipment and engineering.

St. Peter's Fund Goal Of $75,000 May Be Reached on Monday

More than 95 committeemen, under the general chairmanship of Raymond Schatzel, are now conducting an intensive house-to-house visitation and solicitation of every St. Peter's parishioner to contribute to the church's Centennary Campaign Fund.

On the basis of scattered reports from various committee groups and the demand for the designation of items as memorial gifts, both the Rev. Joseph D. Ostermann, pastor, and Mr. Schatzel indicated today that it is most likely that the campaign goal of $75,000 will be achieved at the committee's first report meeting this coming Monday, Aug. 12, at 8 p. m. in St. Peter's School.

List Is Issued

To provide more parishioners with the opportunity to create memorials for their loved ones, living or deceased, Father Ostermann has issued a supplementary list of available items. "The spontaneous response of our parishioners to our appeal for funds to renovate and improve our parish buildings and property," said Father Ostermann, "is a definite indication of the great love they have for St. Peter's Church and of their willingness to make sacrifices."

Father Ostermann also made public today the following communication received from His Eminence, Francis Cardinal Spellman, Archbishop of New York—"I am pleased to commend you and your devoted people on the plan to inaugurate a fund raising campaign so as to be able to finance the renovation of the church, school and rectory in St. Peter's Parish. I pray that your forthcoming campaign will be blessed abundantly and will achieve the desired success which it so richly deserves."

Negroes Winners at This Point

No Clear Cut CR Law Is Held Possible Without Compromise

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP)—So far Negroes are the winners, Southerners the losers in the civil rights fight, but the battle isn't over.

The bill passed by the House June 18 was a victory for Negroes, a defeat for the South. The Senate last night passed a toned-down version of the House bill. This, too, was a Negro victory. Southerners could claim satisfaction from toning it down.

Complete Victory Unlikely

But there will be no Civil Rights Law at all—which would be complete defeat for Negroes, complete victory for the South—unless the House and Senate compromise on a single bill which President Eisenhower is willing to sign.

The House is unlikely to accept the Senate bill completely. If it does, Eisenhower will probably veto the bill because of a jury trial requirement he says would be "most damaging to the entire federal judiciary."

No one expects the House to insist on its own bill completely. If it did, there would be no Civil Rights Law this year. The Senate is certain to reject anything like that. The question is: How much compromise by both houses?

Agreed on Little

Both houses agree on this much in their two bills:

Creation of a two-year commission, with power to subpoena witnesses, to study civil rights problems; and creation of a new civil rights division in the justice department with a new assistant attorney general to run it.

This is where House and Senate bills differ:

1. The House would let the attorney general, in addition to voting rights cases, move into all kinds of civil rights violations. The Senate threw this out altogether.

2. The House and Senate would both let the attorney general step in when voting rights were violated and ask a federal judge to order the violations stopped, but—

Under the House bill anyone disobeying such a court order could be tried by a judge, without a jury, and jailed for civil contempt or criminal contempt. For civil contempt he'd be jailed only until he complied. Under criminal contempt he'd get a flat jail sentence as punishment after it was too late to comply.

Insists on Trial

The Senate agreed to the first part of that, but for criminal contempt the Senate insisted a man must be given a jury trial.

But the Senate also said anyone charged wih criminal contempt in any kind of case in federal courts must be tried by a jury. This is the part Eisenhower particularly objects to, and for this reason:

It would reduce the power federal judges have now to back up their orders and would affect every government regulatory agency that depends on court orders to back up its rulings.

The real question of compromise between House and Senate seems to be right there: Will the Senate agree to drop the provision on jury trials for all criminal contempt cases?

'Silent Jury' To Be Scrapped In California

SACRAMENTO, Calif. (AP)—California's long-established "silent jury" system in murder cases goes on the scrap heap Sept. 11, replaced by a new three-in-one trial law.

Judges no longer will pass sentence in first degree murder convictions, unless the defendant waives a jury trial. Instead, the jury will (1) determine the verdict, then (2) sit through a second trial to fix the penalty and if he pleads insanity (3) hear a third to determine the defendant's sanity.

This eliminates the present requirement that the judge must impose the death penalty automaically—either the gas chamber or life imprisonment—if the jury remains silent or fails to specify the punishment.

Juries at present determine sanity in a separate hearing, if that issue is involved. Otherwise, the new law is believed to be without precedent.

Republican Assemblyman Bruce F. Allen of Los Gatos, who introduced the bill at the request of the California State Bar said:

"A lot of people felt it was high ly unreasonable to impose the death penalty by silence. The state supreme court has said it doesn't feel the silent verdict is the proper form to condemn a man to death."

Former Napanoch Man Does Over Million in Year's Sales

Eugene N. Mentnech, son of Mr. and Mrs. Nicholas Mentnech of Albany Avenue Extension, and a partner, P. J. Cromwell, have established a chemical and metallurgical company in North Tonawanda near Buffalo which did more than a million dollars worth of business during its first full fiscal year of operation.

According to an account in the Buffalo Courier-Express of Sunday, July 21, the two men established the Mencro Chemical & Metallurgical Corp. early in 1956.

Mentnech, a native of Napanoch, now resides at 175 Burnside drive, town of Tonawanda.

Ellenville High Graduate

He is a graduate of Ellenville High School in the class of 1939, and of Clarkson College in 1943. He lived in Napanoch for a number of years.

According to the story in the Courier-Express, Mencro has been in existence as a corporation about a year and a half and in production about nine months. By the end of this year, sales of the firm should total $1½ million if production and sales continue at their present rate.

The company occupies a 30,000-square-foot building and now employs about 40 persons.

Mencro makes aluminum chloride and alumium ingots from aluminum scrap and chlorine. The key to success is the fact that these two products are produced together. Previously both had always been manufactured separately. One of the main difficulties of production was the excessive amount of heat generated during the process. One of the main problems was the large amount of heat required in producing aluminum ingots.

Firm Has New Method

Mencro has devised a method of transferring the excess heat from the one process to the other process where it is needed, thus saving manufacturing costs and incidentally producing a higher quality in both products.

Cromwell is president of the firm and Mentnech vice-president.

On the basis of output so far, the company expects to have sales of about $1 million in aluminum chloride and about $500,000 in aluminum ingots this year.

According to the Courier-Express, "the firm's two founders have an air of enthusiasm backed by confidence when talking about their company and its two products. They feel they have sufficient experience with their new process now to meet all comers.

"Their confidence is backed up by the fact that there already are several large and well established companies looking with active interest both at their company and at their process.

Potato Field Day To Attract 12,000

SAVANNAH (AP)—The 24th annual potato field day, said to be the largest of its kind in the country, opened today in this Wayne County village.

About 12,000 potato growers and their families were expected to attend to study displays and practical demonstrations of new machinery.

Also on the day's schedule were a potato-peeling contest and selection of a state potato queen.

Crushed by Tractor

FILLMORE (AP) — An elderly farmer was killed beneath a tractor he was driving on his farm in this Allegany County village yesterday.

Authorities said Patrick H. Prial, 71, was crushed when his tractor apparently slipped gears while climbing an incline and toppled backwards on top of him.

$139,000 Phone Hikes in State Okayed by PSC

ALBANY (AP)—The Public Service Commission today authorized the Chenango and Unadilla Telephone Corp. of Norwich to increase rates by $139,800 a year, effective Saturday.

The company serves about 27,000 subscribers in Broome, Chenango, Delaware, Madison, Oneida, Onondaga, Otsego, Tioga and Tompkins counties.

The higher rates will apply in all exchanges except those in Clayville, where toll-free service to Utica is provided, and in Chenango Bridge, which has toll-free service to Binghamton.

In requesting the rate boost, the company said it needed more revenue to offset increases in operating expenses and to maintain adequate service.

AMERICAN MENU

Norway Sardines Glorify De Luxe Stuffed Tomatoes

COOL OFF with a frosty salad when the weather is hot. Cucumbers, ruddy tomatoes and sardines make nice combination.

By GAYNOR MADDOX
NEA Food and Markets Editor

Cool cucumbers, plump, ruddy tomatoes and tender Norway sardines—there's a summer combination for any menu.

Norway Salad Royale
(Yield: Six generous portions)

Two (3¾-ounce) Norway sardines, 6 medium size tomatoes, 3 celery stalks, diced, 2 medium size apples, cored, diced, 1 small head of lettuce, 3 tablespoons mayonnaise (for mixture) 6 teaspoons mayonnaise (for tomato tops), watercress (for garnish), salt, pepper to taste.

Wash and trim celery stalks. Chop into quarter-inch pieces. Wash the apples (do not peel as the peel adds color to the salad). Core and cut into half-inch slices, and dice. Drain the sardines, cut in half and combine with diced apples, celery and mayonnaise. Cut off and reserve the top of each tomato. Scoop out tomato pulp, dice and add to the sardine mixture. Season to taste and toss lightly. Stuff each tomato with the sardine mixture. Replace tomato tops and dab each with mayonnaise. Arrange a whole sardine on each. Serve chilled on a ring of sliced cucumbers.

Cooked Vegetable Salad—Martha

(To prepare eight portions, use one pound of each of the fresh vegetables, or if you prefer canned vegetables, use 2½-size cans.)

One (3¾-ounce) can Norway sardines, green peas, carrots, whole baby string beans, baby lima beans, 1 head of lettuce, 4 radishes, mayonnaise.

If fresh vegetables are used, cook vegetables lightly; allow to cool. Make a bed of lettuce leaves in salad bowl, and arrange vegetables on lettuce in separate groups. Decorate with cross of whole sardines, which also serve to separate the vegetables. Radish rosettes add to the attractiveness. Serve with mayonnaise.

TOMORROW'S DINNER: Split pea soup with croutons, Norway Salad Royale, crisp potato chips, corn-on-cob, rye bread, butter or margarine, peaches, cup cakes, coffee, tea milk.

REALLY CONTROL WEIGHT WITH THE HELP OF NEW PROFILE HIGHER COMPLETE PROTEIN TO CALORIE RATIO† BREAD

Takes The Place Of Ordinary Appetite-Appeasement Wafers, Pills, Tablets Costing Up To Twice As Much!

Helps Normal People Effectively Appease The Appetite Control Center Of The Brain—So You Don't Overeat

Lactalbumin—Milk's Amazing Protein "Booster"—Gives It A "Higher Complete Protein To Calorie Ratio"

Better For All The Family Because 24 To 28% Better In Complete Protein Content Than Ordinary White And Whole Wheat Breads!

In the brain's hypothalamic region, the appetite control center acts, in normal people, to increase your appetite . . . or . . . to reduce your appetite.

NOTE: "Reducing" Means To Take Off Weight. "Weight Control" Means To Avoid Gaining Weight.

PROFILE Bread Helps Control Weight By Appeasing Appetite So You Don't Overeat.

Eating some carbohydrate and protein-containing food 30 to 60 minutes before your regular meal is an effective way to reduce your appetite.

Can Save Money

Two slices of Profile Special Formula Bread 30 to 60 minutes before lunch and dinner should help appease your appetite effectively.

Four slices of Profile Special Formula Bread cost about a nickel. Many ordinary wafers, pills and tablets, used for appetite appeasement, cost up to twice as much to take.

Higher Complete Protein

Actually, a one-pound Profile Special Formula Loaf gives you about 24% more complete protein than ordinary whole wheat bread; about 28% more than ordinary white bread. Because it contains milk's amazing protein "booster" —lactalbumin.

4 slices supply about as much complete protein as 1 egg. Be sure to eat a well-balanced diet for sufficient vitamins and minerals.

30 MINUTES BEFORE LUNCH AND DINNER EAT TWO SLICES* TO CURB YOUR APPETITE

†Based On Completeness Of Protein As Limited By Lysine.

Buy Profile For The Family

Buy Profile Special Formula Bread. It costs a few pennies more. And is worth it.

Not only to help weight control. But its higher complete protein content helps health and vitality.

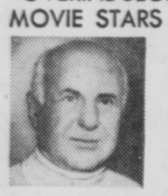
And you'll love the flavor of Profile Special Formula Bread. It is light . . . with a beautiful firm and even texture.

And it toasts perfectly!

Get it fresh from your grocer today. You'll be thrilled—as thousands everywhere are!

*If you are on a limited calorie diet, deduct 59 calories for each slice of Profile Special Formula Bread.

"OVERINDULGENCE NO PROBLEM WITH TOP MOVIE STARS . . . IT'S TENSION OVEREATING,"



Says Joseph Haber—One of Hollywood's Foremost Trainers of Stars. "My job is to help maintain the physical fitness, weight and figure control of many top stars.

"Appetite appeasement with two slices of Profile Bread is a safe and sane way to help control weight."

Miss Barbara Dix, Bruce O. Clark Wedding Announced

The wedding of Miss Barbara Dix, daughter of Mrs. Marjorie Loring Dix of Valley Stream, L. I., and Henry N. Dix of Monroe, Mich., to Bruce O. Clark, son of Mrs. Olive Clark of Port Ewen was held Saturday, Aug. 3 at 10 a. m. at the Dutch Reformed Church, New Paltz.

Officiating at the double ring ceremony was the Rev. Garrett J. Wullschleger, pastor.

The bride's gown was of waltz length eyelet embroidered cotton with baby blue ribbon midriff. Her flowered headpiece was of blue velvet with a decorative veil. She carried a nosegay bouquet of white and blue carnations.

Miss Linda Jewell, Agonian Sorority sister of the bride at New Paltz State Teachers College, was maid of honor. She wore an orchid cotton waltz length dress with a white satin hat and carried a nosegay of white and orchid carnations.

Roger Clark of Port Ewen was best man for his brother.

A reception was held at the Carlton Inn, Milton. The 36 guests present were from Kingston, New Paltz, Accord, Port Ewen, Schenectady, Monroe, Mich., and Valley Stream, L. I.

The couple are now on a wedding trip to the Pocono Mountains. They are both students at New Paltz State Teachers College.

Elizabeth Keating Is Bride-Elect

Announcement has been made of the engagement of Miss Elizabeth Keating of Weehawken, N. J., to D. Richard Rafferty of Fish Creek.

Miss Keating, the daughter of the late Mr. and Mrs. Robert Keating of Weehawken, is the niece of Mr. and Mrs. Lawrence Byrne of Ruby. She is employed as secretary for J. R. Beaton Hosiery Company, New York.

Mr. Rafferty is the son of Mrs. Mary Rafferty of Fish Creek and Brooklyn and is employed by American Telephone and Telegraph Company of Kingston.

The wedding will take place in February, 1958.

MRS. ROBERT E. WELLS
(Pennington photo)

Leininger - Wells Wedding Is Announced Couple Plan to Make Home in Kingston

Miss Janet H. Leininger, daughter of Mrs. Ella Leininger of 101 First Avenue, became the bride of Robert E. Wells, son of Mr. and Mrs. Leroy Wells of 48 Hasbrouck Avenue, Sunday, Aug. 4, at 2 p. m. in Immanuel Lutheran Church. Officiating was the Rev. Harold Rainer, pastor of the Lutheran Church in Hudson.

Miss Mary Marquart was at the organ and Mrs. Frank Sass sang several selections.

Baskets of gladioli decorated the church for the occasion. The pews were marked with white satin ribbon.

The bride was given in marriage by her brother, John Leininger.

For her wedding the bride wore a gown of white nylon sheer with an all over pattern of embroidery styled with a fitted elongated bodice, abbreviated sleeves and a scalloped square neckline. The floor length bouffant skirt featured back tiers and terminated in an aisle wide circular court train. A bridal crown of iridescent sequins secured the fingertip French illusion veil. The bride carried a white fan with Georgiana orchids and stephanotis.

Mrs. Lawrence Wilcox, sister of the bride, was the matron of honor. She wore a lilac nylon chiffon floor length gown featuring a shirred bodice and long torso waistline.

Mrs. Wilcox also wore a nylon braid headpiece which was trimmed with seed pearls and it held a halo veil. She carried a fan covered with lavender Fuji mums.

Attendants included Miss Joan Trowbridge of Olive Bridge and Mrs. Charles Harrington of Washingtonville, a sister of the bridegroom. Their gowns were identical to that worn by the matron of honor. They carried fans with orchid Fuji mums and pompons.

Leonard Wells of Ulster Park was best man for his brother. Ushers included Lawrence Wilcox, brother-in-law of the bride and Leroy Wells, brother of the bridegroom.

A reception was held at the Yacht Club for approximately 150 guests.

The bride is a graduate of Kingston High School and is employed by the New York Telephone Company. Her husband, who attended Kingston High School, is employed by White Star Transfer.

For her wedding trip to New York City, the bride chose to wear a beige embroidered dress with matching coat, beige accessories and an orchid.

The couple will make their home at 101 First Avenue when they return.

Puppet, Variety Show Is Staged at Camp Jay Cee Cee

The Starlings and Blackcats of Camp Jay Cee Cee presented a puppet and variety show for their pre-Sabbath program August 5. The puppets were based on the comic characters "The Bumstead Family." The puppet show was taken from short comic strips. Benny Levine played a piano solo "Fleur de Lise." Linda Hartman also played a piano solo "Morning Prayer." Jackie Nussbaum told a story from the Bible. Pam Fletcher also played a piano solo "The Highland Bagpipes." There was also another skit put on called "The Clowns of Camp Jay Cee Cee." It was a puppet act. Another skit was put on in which some of the other campers participated.

Last on the program was a tap dance done by Steve Garber. The puppets were made by the Starlings and the scenery by the Blackcats.

Those participating in the program are as follows: Counselors Sauny Zweben and Bill Ledoux. Campers: Robert Dekoff, Jackie Nussbaum, Roy Stern, Ricky Kline, Steve Leventhal, Milton Popick, Mike Shienvold, Steve Garber, Neil Schneider, Ben Levine, Richard Sobsey, Sharyn Farber, Judy Lipgar, Roberta Fishkin, Maxine Meyer, Pam Fletcher, Marsha Abelove, Linda Hartman, Arlene Shorr, Sharon Pekarsky, Marilyn Katatsky, Phylis Klein, Jaqalyn Levine, Ellen Newman, Helen Rosenfeld, Gail Kreppel, and Celia Farber.

Saugerties Church Group Plan Minstrel

George Warringer, director of this years minstrel show to be staged by the Couples Club of Trinity Episcopal Church, Saugerties, on August 15, has announced the names of the end men and women.

This years show will see the return of two of last year's favorites in the persons of William "Bones" Wilson and William "Amos" Putnam. New to the club's show will be Warren "Mose" Hornbeck whose dances and songs will set the pattern for another new comer, Pete "Rastas" Pacaliko. The antics and capers of the two end women, Doris "Petunia" Hornbeck and Sally "Marigold" Wilson promises to give the end men stiff competition.

Audiences of the two shows on August 15 will also see Dick Overbagh in the person of "Sambo" will be the mystery man or woman of the show.

Girl Scout News

Encampment Ends

The second encampment at Camp Wendy, Ulster County Girl Scout Council camp in Wallkill, has ended.

Camp Council, a representative group comprised of a delegate from each of the six units at Wendy, planned activities in which the whole camp participated. The second encampment representatives, Carolyn Koss, Ellenville, Barbara Goldberg, Newburgh; Carol Trautman, Milton; Roberta Hoyt, Ellenville; Lyn Ott, Port Jervis; and Maryann Weiss, N. Y. C.; organized the following activities.

Sunday, July 14 — the oldest unit at Wendy, Romany, presented opening campfire. A short, inspirational service, Scout's Own, included songs and quotations on the topic trees.

Sport's Day at Camp Wendy found units competing against one another in novelty races and track events for the camp championship.

Sunday, July 21 — Camp church services were held for those campers who remained in camp. During the afternoon all campers participated in swimming races organized according to respective abilities. In addition the Lifesaving class a comedy skit was presented. Queen of the Water Carnival, Diane Binstock, Mountaindale, with her court of Joan Hornbeck, New Paltz, Norma Susswein, Goshen, Ann Greiner, Marlboro, Kate Van Kleek, Cragsmoor, and Jane LeFever, Kingston, presided over the festivities.

The birthday supper honored three Wendyites whose birthdays occurred during second encampment. They were Shirley Downs, Ruth Heidgerd and Linda Miltzow.

One of the most enjoyable Wendy activities is the progressive supper. Planned by Camp Council, each unit is responsible for one course of the meal. The whole camp travels from site to site, eating as they go. Immediately following the progressive supper, the campers gathered in main camp for the Christmas in July ceremony. The girls devoted many hours in the craft lodge under the guidance of Mrs. George Brach of Wallkill, arts and crafts consultant, making tree decorations and the gifts which they exchanged. As a special treat to the campers, staff prepared pop corn balls.

The theme for the second encampment's closing banquet was Wildlife. Each unit represented a wild flower. Following the meal, Richard Gendreau, waterfront director, gave swimming awards. Barbara Plate, camp director, distributed best camper awards to the nominee from each unit who were Norma Susswein, Goshen; Susan Boyd, Kingston; Barbara Goldberg, Newburgh; Judy Rowlan, New York City; Wilma Weinberg, Marlboro, and Carol Seidel, Kingston.

In addition to all-camp activities, units have been progressing in individual badge work, which will be recorded in the Kingston Girl Scout Office and is available to troop leaders upon request.

THANKING TWO GIVERS

Dear Mrs. Post: Two of the girls with whom I work sent me a very pretty nightgown while I was in the hospital. I wrote a thank-you note and sent it to one of the girls. At the bottom of the note I asked her please to send the note to "Mary" after she had finished reading it. I understand "Mary" was hurt over this and feels that she received "second-hand" thanks. Will you please tell me if what I did was wrong?

Answer: Yes, you should really have sent a note to each of them. If they lived together one note addressed to them both would have been sufficient.

Sending Invitations to the Groom's List

Dear Mrs. Post: I am going to be married soon and would like you to answer the following question. Does the bridegroom's family send out the invitations to their own relatives and friends, or does the bride and her family send out all the invitations.

Answer: Usually the bridegroom's family send their list to the family of the bride who sends out the invitations. But it would not be incorrect, especially if the families live in different cities, to ask the groom's family if they would like to send out their own, and if so, send them however many invitations they require.

Letters To One of a Couple

Dear Mrs. Post: A friend of mine has just told me that her sister, newly married, has informed her that she must in the future address all letters to Mr. and Mrs. as it would be an insult to her husband to write to her alone. This sounds like nonsense to me. Has a sister no right to write to a married member of her family without addressing the letter to both parties? Friendly family chats dealing with matters of no particular interest to the husband, should be permitted in democratic America, should they not? The new bride says she expects to let her husband read everything and therefore all letters should be addressed to them both. What is your opinion?

Answer: I agree with you, but as the new bride has every right to show her letters to her husband, the sister should write nothing she does not wish him to read.

* * *

Invitations to a large wedding are different from invitations to small weddings. Mrs. Post explains in her leaflet E-10, "Wedding Invitations and Announcements." Mrs. Post is sorry she cannot answer personal mail. To obtain a copy, send 10 cents in coin to Dept. EP, c/o The Freeman, P. O. Box 99, Station G, New York 19, N. Y.

"Janus" Opens at Woodstock Playhouse; Rollicking Comedy Is Warmly Received

WOODSTOCK—It was once a reasonably simple matter to live a double life and get away with it, but that was before the became such expert sleuths. The inspectors of internal revenue rollicking comedy "Janus" which opened Tuesday at Woodstock Playhouse for an overwhelmingly enthusiastic audience, makes clear that most anything is possible except an attempt to decieve these avid minions of the law. Reminiscent of the famed Noel Coward "De sign for Living" theme, this version tangles the lives of Jessica, wife of a West Coast shipping magnate, who is also afflicted, or blessed, with a talent for writing; Denny, the French teacher at Andover, who seeks to hide his identity as the other half of the writing team which produces the highly profitable lusty, busty historical novels; and Gil, the shipping magnate who stumbles unwittingly into the collaborators' summer workshop. The resulting upheaval is hilarious and tempestuous.

For the third time this season Robert Baines is cast in the role of a writer, first as the sophisticated playwrite in "Rock Hunter," and last week as the throubled newspaper man in "The Potting Shed" but each interpretation has been vastly different and completely believeable. In this performance he is equally effective as the studious and gentle little professor whose head is stuffed with a world of historical facts.

As his more imaginative colaborator, Barbara Lester is lovely and appealing in her attempt to find a release for abilities and the demands of her creative nature by living in two worlds. She gives credence to the character of the woman who is loved by two men of completely opposite disposition.

Gerald E. McGonagill veritably fills the stage with puzzlement and frustration over the situation in which he finds himself. He works steadily and deftly through the throes — and they are very funny indeed — of reaching an understanding of his position to the ultimate resolution.

For her short but pungent role as Miss Addy, Dolores Kapen received a large hand. She is the caustic and knowing buffer against the pitfalls of the literary life for the two innocents who haven't the slightest idea what to do with all the money they make.

It is the pompous and determined inspector of internal revenue who all but wrecks a happy, if unique arrangement. Donald Keyes is excellent as the agent determined to straighten out their tangled taxes.

"Janus" is a sparking comedy, its wit at times subtle and "offside." Cyril Simeon has injected, in his direction, exactly the right amount of slightly off-beat timing to highten the bafflement of his characters. The setting by Robert Barns with its odd assortment of things "the lady has collected" is a perfect background for the play. "Janus" continues through Sunday at the Playhouse.

Lasher-Hodges Nuptials Announced

The candlelight wedding of Miss Carolyn Gay Lasher, daughter of Mr. and Mrs. Sherwood F. Lasher of 44 Henry Street to James Harmon Hodges, son of Mr. and Mrs. Harvey O. Hodges has been announced.

The double ring ceremony was held Friday, Aug. 2 at 8 p. m. in the First Baptist Church. Officiating was the Rev. Harold J. Stephanz.

Mrs. Lester E. Decker was at the organ. David F. Lasher, brother of the bride, sang "O Perfect Love" and "The Lord's Prayer."

Gladioli, majestic daisies and white carnations decorated the church for the occasion.

The bride was given in marriage by her father. She wore a nylon organdy floor length gown featuring a scalloped Sabrina neckline and short scalloped sleeves with mitts to match. The skirt was very bouffant and had a scalloped hemline. The bride's chapel length veil was gathered to a coronet of seed pearls and iridescent sequins. She carried a King James Bible adorned with glamelias, stephanotis and streamers.

Miss Dorothy Mae Carboni of 58 Henry Street was the maid of honor. She wore a waltz length tulle gown in two shades of blue styled with a side drape and tucked neckline. A nylon braid rosette trimmed headpiece held a halo veil. She carried a nosegay of yellow roses and white carnations.

Charles W. Myer of Schenectady was the best man. Ushers included James E. Fox and Bob L. Gregory of Schenectady.

A garden reception was held at the home of the bride's parents for the immediate families.

The bride is a graduate of Kingston High School and attended Keuka College. Her husband is a graduate of Arkansas State Teachers College and University of Arkansas. He served two years with the army in the Pacific. A member of the Free and Accepted Masons, he is now employed by the General Electric Company in the accounting department.

For her wedding tfip to Owensboro, Ky., where the couple will make their home, the bride wore a light blue dress with dark blue accessories.

Petersen-Rockwell Wedding Announced

Miss Jacqueline Patricia Petersen, daughter of Mr. and Mrs. Robert McCarthy of 237 Foxhall avenue, became the bride of Harold Allen Rockwell, son of Alfred Rockwell of 32 Marius street, on Sunday, July 21 at 2 p. m. at the Church of the Comforter.

The Rev. Forrest Prindle officiated at the double ring ceremony.

For her wedding the bride wore a white cotton and silk dress styled with a sweetheart neckline and button down tab pleats that ended at the waist and a full skirt. She also wore a matching picture hat and carried a cascade bouquet of white carnations.

Miss Marilyn Chick was the maid of honor. She wore an orchid cotton dress trimmed in white and white accessories. She also wore a wrist corsage of white carnations.

Joseph Markle was best man.

A reception was held at the Capri in Port Ewen following the church ceremony.

Mrs. Rockwell is a graduate of Kingston High School and is employed by IBM. Her husband, who attended Kingston High School, is employed by Kelder's Express Company.

When the couple return from their wedding trip through New England, they will make their home at 25 Adams street.

Final Music Plans Made at Berkshire

Music of Beethoven will be featured on the programs of the final weekend of the Berkshire Festival at Tanglewood, Lenox, Mass., by the Boston Symphony Orchestra, Charles Munch, music director. Concerts of Friday and Saturday, Aug. 9-10, at 8:30 p. m., and Sunday, Aug. 11, at 2:30 p. m., will be presented in the 6,000-seat Music Shed at Tanglewood and will include a performance by Isaac Stern of the Beethoven Violin Concerto Friday, a guest conductor, Carl Schuricht, Saturday evening, and on Sunday afternoon a performance of Beethoven's Ninth Symphony.

Friday's concert will be conducted by Charles Munch and will include, in addition to the Beethoven Violin Concerto with Isaac Stern, Beethoven's "Leonore" Overture No. 3 and the Symphony No. 3 (Liturgical) by the French composer, Arthur Honegger. At the Saturday evening concert Carl Schuricht will present the Konzertante Musik of Boris Blacher (several years ago composer in residence at the Berkshire Music Center), Schubert's Unfinished Symphony, and Beethoven's Symphony No. 3 ("Eroica"). The final concert on Sunday afternoon conducted by Dr. Munch will open with Aaron Copland's "Quiet City" (solo trumpet: Roger Voisin, solo English horn: Louis Speyer). Dr. Munch will close the 20th Berkshire Festival season with Beethoven's Ninth Symphony. The soloists are Adele Addison, soprano; Florence Kopleff, alto; John McCollum, tenor; and Donald Gramm, bass. The Berkshire Festival Chorus will be prepared by Alfred Nash Patterson and Hugh Ross.

The Saturday morning rehearsal of the Boston Symphony Orchestra at 10 a. m. will be open to the public.

Concerts open to friends of the Berkshire Music Center include a special concert of contemporary chamber music by resident fellows of the Fromm Music Foundation's special program at the Berkshire Music Center this summer, the final concert by the Student Orchestra in the Shed at 3 p. m. on Saturday, and the final student chamber music concert on Sunday morning at 10 in the Theatre-Concert Hall.

"Inherit the Wind" at Phoenicia Wins Laudable Comments; Adrian Hall Excells

By DOROTHY A. NAREL
Freeman Society Editor
Freeman Society Editor

If ever an actor were to receive laurels, Adrian Hall certainly should for his performance in "Inherit the Wind" which opened at Phoenicia Playhouse Tuesday.

Mr. Hall's portrayal of Henry Drummond, an aging yet dynamic lawyer, left little to be desired. His gestures, walk and manner of speech, all heightened his role.

In this reporter's opinion, Mr. Hall is indeed a fine, sensitive actor.

Ann Hamilton, who was cast as Rachel Brown, a confused young teacher whose love for the defendant further complicates her plight, also turned in a commendable performance.

Elwin Causey as the prosecutor and Nick Sowka, newspaper reporter, are also to be applauded for their performances.

Darwin Theory Taught

The play concerns a young teacher who defies a state law and teaches the Darwin theory of evolution in the classroom. He is brought to trail, convicted and fined, instead of imprisoned which in itself is a victory.

All the bigotry and ignorance of small, narrow-minded people is artfully displayed in this play.

The selection of people to represent the town folk was very well done. They typified the type of people who lived at that time, and unfortunately still exist today.

It is also apparent that the folks behind the scenes are doing a fine job at Phoenicia Playhouse. Not only do they have an attractive theater in which to put on their productions, but a good receptive audience.

The theater which seats approximately 300 persons, was filled Tuesday, which is unusual for any theater on opening night in this area. Weekends seem to attract the capacity crowds.

An interesting art exhibit may be seen in the lobby. It includes oil paintings and water colors by Udise Wakely, who is now preparing for her second one-man show.

Also included in the cast for this week's play are Alex Shames, Tommie Russel, Dan Legant, Alice Zaft, Harry Iceland, Robert Motley, Dennis Rinsler, Lee H. Doyle, Lacy Hedrick, Elwin Causey, Katherine Helmond, Bill Robinson, Larry Posner, Dick Lee and Paul Kielar.

Cast as the townspeople were Melanie Kaye, Adrienne Luke, Hilary Hacker, Amy Hoffman, Susan Sharin, Alice Zaft, Amy Felberg, Maury Zaft, Aaron Ezickson, Bob Schulman, Sheila Young, Sonia Malkins, William Levine, Jeanne Asch, Lindsay Hoyt and Leslie Schwartz.

Future Bride Feted At Surprise Shower

WALLKILL—A bridal shower was held recently at the Glenwood Restaurant in honor of Miss Elaine Warren, daughter of Mr. and Mrs. Stanley Warren of Wallkill, who will become the bride of John Ferguson, son of Mr. and Mrs. Fred Ferguson of Marlboro on September 15.

Hostesses were Mrs. Albert Warren of Illinois and Mrs. George Warren, of Newburgh. Guests included the Mmes. Fred Ferguson, Edwin Helland, Dagmar Rasmussen, Milton Van Duser, Gerow Wilkin, Arthur Ingraham, Elmer Ingraham, Stanley Warren, George Warren and Albert Warren, and Miss Gloria Hasbrouck.

Elaine Kazimir Plans Fall Marriage

WALLKILL — Mr. and Mrs. Joseph F. Kazimir of Wallkill announce the engagement of their daughter, Elaine Stephanie, to Robert William Fries, son of Mr. and Mrs. Elmer Fries of Lake Osiris, Walden.

Miss Kazimir graduated from the Wallkill Central School and is employed as a secretary in the data processing division of IBM, Poughkeepsie.

Mr. Fries, a graduate of Walden High School, is a veteran of the navy. He is employed as an instructor in the IBM Toolmaker Apprentice School in Poughkeepsie.

A late fall wedding is being planned.

Anaconda Sales Cuts Copper Price

NEW YORK (AP)— Anaconda Sales Co., subsidiary of the Anaconda Co. joined other major producers of copper today in announcing price reductions.

Effective this morning, the company reduced the price of its electrolytic copper in the domestic market to 28½ cents a pound. That's three-fourths of a cent a pound below the previous price.

The reduction is closely in line with cuts announced by Phelps Dodge Corp. and Kennecott Copper Corp. earlier this week.

The first naval training station in the United States was established at Newport, R. I., in 1883.

In a certain mining town there was a competition to see who could eat the most in the shortest time. One man easily outdistanced all the other competitors. During the time allowed he put away a beefsteak, a pound of sausages, a hefty meat pie, and about a yard of suet pudding. For this remarkable performance he was roundly feted and, of course, he was adjudged the winner.

Just as he was about to leave the scene of his glory, he turned round and said: "I say, you fellows, don't let my wife know or I won't get any dinner.

Backs Senate Probe

Hollander Urges Union Courts Push Crackdown

NEW YORK (AP)—State CIO President Louis Hollander has urged organized labor to set up its own special court to try union officials accused of corruption.

At a news conference yesterday, Hollander discussed a report he will make to the two-day state CIO convention opening here today.

Hollander said the state CIO supports the "official" objectives of the Senate committee probe of labor and management racketeers, but added:

"The question is, will there be such an investigation of business? Will business permit itself to be investigated?"

Referring to Senate inquiry disclosures of pacts between business firms and "paper" union locals, Hollander said: "It takes two to make a bargain."

Would Try Officials

Hollander said his proposed court would "bring to trial those union officials who run into conflict with the ethical codes adopted by the AFL-CIO, if their own unions fail to act."

He said that the court would make it possible to punish guilty union officials "without depriving the union members of the benefits of affiliation with the larger labor body."

A labor court would eliminate the need for investigating bodies such as the Senate committee, Hollander said.

Butterfat Imports Halted by Ike

WASHINGTON (AP) — President Eisenhower has forbidden further imports of many articles containing 45 per cent or more of butterfat.

The President's proclamation does not apply to articles already subject to quotas, or to cheeses, evaporated and condensed milk, and products imported in retail packages.

Eisenhower acted yesterday on the recommendation of the Tariff Commission.

The President asked Secretary of Agriculture Benson to watch imports of butterfat articles not subject to quota with a view to recommending appropriate action "if any such imports increase and threaten material interference with established agricultural programs."

Financial and Commercial

NEW YORK (AP)—The stock market drifted lower in early trading today after a higher opening.

Turnover was slow after an active start.

Most losses ran from fractions to a point. Gains generally were held to fractions.

Steels were irregular at the start, then lost ground following testimony by Roger Blough, chairman of U. S. Steel, that a rise in steel prices has only a "negligible effect" on living costs. Blough appeared before the Senate Judiciary Subcommittee.

Motors and aircrafts were mostly off fractions after a higher start. Most oils held to the upside.

Brokers said investors were exercising caution amid reports that the Federal Reserve Board soon would raise its discount rate—the fee charged on loans to member banks. The board has had an increase in 3 per cent rate under consideration for some time. The board holds its regular weekly meeting after the close of the market today.

A hike in the discount rate would represent a further tightening of credit and could give the market a "psychological setback," some brokers said.

Request Heavy For Booth Space At County Fair

More than the usual number of reservations have been made for exhibit space at the Ulster County Fair to be held at Forsyth Park August 21 and 22.

These include both regular entries for premiums, educational exhibits and commercial displays. Entries in the competitive agricultural and homemaking classes close on Saturday, August 17.

The official county fair is the outgrowth of the former Farmer's Picnic and Field Day. This event was combined with the County Fair previously held in Ellenville. A truly cooperative affair, with many individuals, organizations and agencies working together, it is possible to operate the fair without charging admission.

Last year part of the exhibits were on display in the Dietz Stadium but there were many complaints about the distance between the display areas. The directors of the Ulster County Agricultural Society, sponsors of the fair, decided to go back to the previous arrangement and have all exhibits and displays in Forsyth Park.

A special feature for youngsters Wednesday afternoon will be a Pet Show sponsored by the Kingston Recreation Department.

A spokesman for the County Fair said that unusually large crowds are expected and the public is cordially invited.

Police Hunt Man In Diamond Theft

A diamond ring worth $190 was reportedly filched from the Haen Jewelry Shop, Rhinebeck, Wednesday afternoon by a tall, thin man of about 45 who examined the display for some 20 minutes before leaving the store.

According to Rhinebeck state police, the man left saying he was going to the bank to get some money and would be back to purchase one of the rings.

After he left, Chester A. Haen, proprietor of the shop, and his clerk, Florence Harvey, discovered that a 30-point diamond ring set in a 14-karat yellow gold band with a white gold setting was missing. There were one or two small diamonds on the side of the band also, it was reported.

The man, described as white, about 5 feet 11 inches tall, weighing 145 pounds, with a thin sallow face, slightly gray hair and wearing a hat, failed to return.

It was reported also that the man mumbled when he talked.

He entered the store about 2:10 p. m. and reportedly spent about 20 minutes looking at the diamond ring display. He was waited on both by the clerk and Mr. Haen. He left the store, saying he was going to the bank to get some money and would return.

Menzies Is Scored

MELBOURNE, Australia (AP) — Lord Altrincham widened his field of fire today to include Australian Prime Minister Robert G. Menzies as well as Queen Elizabeth II.

"He is typical of the very worst approach toward the crown," the 33-year-old peer declared in a London interview published in the Melbourne Herald.

Menzies returned yesterday from a 10-week overseas tour and immediately labeled as "disgusting and shocking" Altrincham's editorial criticism last week of the Queen's speeches, personality and advisers.

As for the Australian prime minister, Altrincham said:

"Mr. Menzies simply blindly worships the sovereign as someone above criticism. He is stuffily subservient. He puts her on a pedestal and genuflects."

Dope Is Seized

CAIRO (AP)—The newspaper Al Ahram said today Egyptian authorities seized a U. N. Emergency Force car loaded with narcotis and arrested two Canadian noncommissioned officers.

Al Ahram said the two men, both UNEF members, were stopped while trying to cross the Suez Canal from Sinai into Egypt.

Shiels Is Still Critical Today From Home Blast

The condition of F. Willard Shiels, 38, who suffered burns and shock last Sunday morning when his Decker street home in Sunset Park was blown off its foundation by an explosion, was reported "still apparently critical" by Kingston Hospital authorities today.

The report indicates no apparent improvement in Shiels who was rushed to the hospital shortly after 10 a. m. Sunday in apparently critical condition.

The explosion occurred as Shiels went to the cellar to check on what his wife told him was an odor of escaping gas.

His wristwatch, wallet and change he had in his pockets were strewn on the cellar floor near the stairway.

It was reported at first that the concussion blew him out of the cellar. Neighbors saw him rolling on the lawn in an effort to extinguish his burning clothing.

Mrs. Shiels and her three children, Darlene, 9, Ronald, 5, and Thomas, one, are residing temporarily with Mr. Shiels' parents, Mr. and Mrs. George Shiels, Lake Katrine.

Vote for CR Bill

WASHINGTON (AP)—New York's senators, Republicans Irving M. Ives and Jacob K. Javits, voted for the civil rights bill. The Senate passed the bill 72-18 last night.

First Land Shots Fired In Rebellion

MANAMA, Bahrain (AP) — The first ground shots for the three-week-old Oman rebellion were reported fired today at the desert village of Rada.

An official announcement said the fusillade from troops of the Sultan of Muscat and Oman, advancing with the support of British ground and air units, brought the quick surrender of the villagers of Rada.

The Sultan's forces continued their advance on Firq, the rebel outpost three miles from the major rebel stronghold of Nizwa. Nizwa, in the central Oman desert, is the headquarters of the rebellious Imam of Oman.

Previous shooting in the rebellion had been confined to British aircraft attacks on rebel positions, made only after leaflets dropped on the targets warned all to move out.

Instruments Are Stolen, Lights Taken From Car

Theft of a bugle and set of cymbals valued at $113 from the car of Charles Pullman, of 104 Second Avenue, was reported to the police last night, and another report today said headlights had been taken from the car of Beatrice Bandis, of 69 West Union Street, which was also damaged.

A report at 9:45 p. m., yesterday said the bugle and cymbals were taken from Pullman's car while it was parked on Hasbrouck near Delaware Avenue. The theft was reported by Joseph McCardle, of 97 Third Avenue, captain of the VFW Drum and Bugle Corps.

A report this morning said that besides theft of headlights from the car of Beatrice Bandis, it was damaged in several areas, including directional lights, and a window was broken. It had been parked in an area off Hone Street.

committee must dispose of those interests.'

No Trouble: Knowland

Russell said McElroy already had discussed this with him and other senators.

"There should be no difficulty about conflict of interests," Russell said. "Of course, we will have a hearing to satisfy the committee and the Senate on this point and on his background."

McElroy, who will be 53 on Oct. 30, joined Procter and Gamble after graduating from Harvard in 1925. He rose to the top through the sales and promotion end of the big organization.

He is a large man, 6 feet 4 inches tall, and weighs 210 pounds. He has gray wavy hair and blue eyes and plays bridge and poker for relaxation.

Paid $285,000

As a corporation executive, McElroy has been paid $285,000 a year, more than 10 times the $25,000 pay of the secretary of defense.

Wilson's formal resignation was sent to the White Mouse yesterday shortly after the choice of McElroy was announced.

But at her vacation home near Petoskey, Mich., Mrs. Jessie Ann Wilson said "the new looks good." Her husband, she said, "has earned a rest," and both are looking forward ot a brief Michigan vacation later this month.

French Agree On Budget Cut

PARIS (AP)—The French cabinet agreed in emergency session last night to keep its 1958 budget deficit down to 15 per cent by imposing rigid ceilings on government spending.

Faced with virtual exhaustion of the government's financial reserves, the cabinet approved the 15-billion-dollar budget demanded by 37-year-old Finance Minister Felix Gaillard. Original estimates were nearly two billion dollars higher.

Threatened Resignation

Gaillard had threatened to resign if his demands were not met. That would have brought down the government in the middle of Parliament's—and France's — annual vacation.

The budget of 5,273,000,000,000 francs—about 15 billion dollars—will still contain a deficit of 800 billion francs (about $2,280,000,000). But the finance minister argued the cabinet into finding 600 billion francs in reductions for 1958.

Premier Maurice Bourges-Maunoury said later his government would continue to cut expenses whenever possible.

Will Return

signed a waiver allowing his return to New York, possibly today, to face the charges.

Federal Judge Allen B. Hannay later signed an order in Houston permitting his removal to New York. Mrs. Kathryn Matthews, chief deputy United States marshal for the southern district of Texas, said the precise time and manner of transporting him to New York would be decided sometime today.

Agent Gave Information

Exposure of the spy plot reportedly resulted from Reino Hayhanen's defection to the west. He was named as a co-conspirator in the Abel indictment and appeared yesterday before the grand jury.

Hayhanen was described as a trained Red espionage agent who spent six years in the U. S. after his return to Europe, he was said to have sought haven in the west. He was flown to New York for the grand jury hearing.

Abel was arrested as an illegal alien last June 21 in his Manhattan hotel. He had $6,000 on him at the time.

Government agents learned of his alleged spy activities later, during which time he had been ordered deported.

Found in his room at the Hotel Latham were cryptic notes, codes and the birth certificate of Emil R. Goldfus, a Manhattan infant that died in 1902.

Find Maps of Cities

In his studio—ironically located just across the street from the Brooklyn federal courthouse where he was indicted — government agents found maps of Baltimore, Chicago, New York, Long Island and other places. The government also said they found short wave radios through which it claimed Abel got his orders from the Kremlin.

Others listed as co-conspirators included A. M. Korotkov, who figured in the recent espionage indictment in Manhattan of George Zlatovski and his wife, Jane, accused as members of a Soviet spy ring headed by Jack Soble, and Mikhail Svirin.

At least Pavlov, Svirin and Korotkov were believed to be in the Soviet Union.

The indictment charged that espionage meetings for transfer of information were held at a number of places—including Quincy, Mass.; New Hyde Park, N. Y.; Salida, Colo.; the Newark, N. J., station of the Pennsylvania Railroad, and various spots in New York City. The station in Newark was described as one of the major "drops."

The plotters also were alleged to have sought a site in Poughkeepsie, N. Y., for a short-wave radio setup.

20 N.Y. Colleges To Benefit by Equitable Grants

Grants totaling $125,000 will be distributed by The Equitable Life Assurance Society of the U. S. in 1957 to 125 privately supported colleges and universities throughout the country, it was announced today by James F. Oates Jr., president of the insurance company. The gifts, aimed directly at improving faculty salaries in liberal arts colleges and universities, are made under Equitable's "Plan for the Support of Higher Education" initiated in 1955. Sums aggregating $100,000 were distributed that year and again in 1956.

Selection of institutions to receive the grants are made by a special committee of the Society's board of directors with the assistance of an advisory committee of nationally prominent educators. Under the increased appropriation plan this year, eleven Western institutions will benefit, 18 Southern colleges and universities, 40 in the Middle Atlantic states, including two in the District of Columbia, 38 in the North Central area and 18 in New England.

Twenty colleges and universities in New York will benefit from Equitable grants in 1957. They are Alfred University, Colgate University, Columbia University, Cornell University, Fordham University, Hamilton College, Hobart and William Smith Colleges, Hofstra College, Manhattan College, Manhattanville College of the Sacred Heart, New York University, Niagara University, St. John's University, St. Lawrence University, Syracuse University, Union College and University, University of Buffalo, University of Rochester, Vassar College and Yeshiva University.

$550 in Firearms Taken From Shop

Three revolvers, five rifles and a shotgun valued at $550 were stolen sometime Tuesday night or Wednesday from the shop of David Ballantine, gunsmith and gun dealer of Route 28 near its junction with 28A.

Kingston state police said the rear door of the gunshop was removed from its hinges.

The following firearms were listed as stolen:

One .44 caliber Colt revolver; and Iver-Johnson target revolver (.22 caliber); an H & R Sportsman .22 caliber revolver; a Winchester 30-40 government rifle; a .44 caliber army rifle; a 30.06 Mauser rifle; a 30.06 Enfield rifle; a .32 caliber Stevens pocket rifle of the type that can be folded up, and a German shotgun rifle.

The theft was reported to troopers late Wednesday morning.

Cpl. Edward Shannon and Charles Teelon of the BCI are investigating.

They told The Freeman this morning there had been no developments in the case.

The gunshop is located on Route 28 near the T-P, formerly the Avalon, on the left side of the highway as one proceeds toward West Hurley.

Sabotage Hinted

Dorchester and Hyde Park districts of Boston, and in Milton, Dedham, Hull and Squantum.

The blast was in a 25-foot long metal shed at the South Boston entrance to a sewage tunnel project. A nearby shed containing a "mound" of dynamite was not affected by the explosion.

At the break of dawn, police, firefighters and ballistics men combed a wide area in an effort to recover percussion caps which were strewn by the blast.

Workmen Not Hurt

Some workmen were inside the tunnel, but fortunately they were some distance from the opening and were not affected.

A timber 10 feet long and a foot thick went through a wall into the third floor apartment of a building about 75 yards away. Barbara Ann Nanyokas, 11, asleep in bed, was showered with debris. She was not seriously injured.

Senate Sends

The House had voted for similar authority also to enforce civil rights in general but the Senate knocked this out of the measure.

The House rejected all proposals for jury trials. The Senate wrote into the bill a far-reaching provision for jury trials in any federal court criminal contempt case involving issuance of an injunction. Eisenhower said this would be "most damaging to the entire federal judiciary."

Criminal contempt generally arises from the desire of the judge to punish a defendant for disobeying a court order or for such delay in complying with it that the order becomes ineffective.

The Senate provided that juries in such cases must be open to the inclusion of Negro members.

Both bills provide for establishment of a bipartisan commission to investigate civil rights and for appointment of an additional assistant attorney general to head a new civil rights division in the Justice Department.

Indictment Due Against Labor Racketeer Chester

NEW YORK (AP) — A Brooklyn grand jury was expected to hand up an extortion and coercion indictment today against convicted labor racketeer Max Chester as an aftermath of a businessman's accusations before U. S. Senate investigators.

The businessman, Paul Claude, who operates a machine shop, spent an hour before the grand jury as a witness yesterday.

It was presumed that he repeated to the grand jury the account of intimidation by Chester which he related in Washington Tuesday as a witness before the Senate committee investigating rackets in labor and management.

Dio Henchmen

Chester, 42-year-old henchman of labor racketeer John (Johnny Dio) Dioguardi, was expected to be taken from the Tombs City Prison in Manhattan to the Kings County Court in Brooklyn for today's proceedings.

Chester was paroled from the Tombs Tuesday to appear before the Senate committee in Washington. He invoked the Fifth Amendment 50 times in refusing to answer questions. He was back in his cell here last night.

$1,400 Shakedown

Claude told the Senate committee that Chester confronted him in the role of a "union organizer" and shook him down for $1,400 for "a contract I could live with."

Claude also said Chester backed up his demands for money with thinly veiled threats against Claude's children. Two detectives have been assigned to guard Claude day and night. He had expressed fear that his disclosures would bring reprisal from racketeers.

Would Open East Milk Markets to Midwest Group

WASHINGTON (AP)—A move has been started in Congress to help open up big eastern city milk markets to midwestern dairymen.

It seeks congressional enactment of a uniform national sanitation standards act for fluid milk. Such standards would apply uniformly through the United States to all fluid milk shipped in interstate commerce.

At the present time, various standards are set up by city and other local governments. Some standards and regulations have the effect of barring all fluid milk except that produced within a local area.

Lower Prices Forced

Midwestern dairymen long have complained that these local milk ordinances keep them out of the urban markets and force them to sell high quality milk at lower prices for processing into butter, cheese, dried milk and other manufactured dairy products.

A bill to provide a uniform standard along the lines recommended by the U. S. Public Health Service has been introduced in the Senate by Sen. Humphrey (D-Minn). He and other advocates say they hope to get it passed next year.

$1½ Million Will Be Spent to Put Up Cement Firm

The Hudson Cement Corp. now under construction in the East Kingston section is being financed in part with $1,500,000 increase in term loans now placed with a group of insurance companies, according to The Wall Street Journal.

The plant is a wholly owned subsidiary of The Colonial Sand and Stone Co., Inc., one of the largest suppliers of transit-mixed cement in the country.

Approximately 300 acres of land in the East Kingston section containing substantial limestone deposits have been acquired by Colonial. Limestone is an important ingredient in the manufacture of cement.

The new mill, to be completed by the end of next year, will have one kiln at first with a daily capacity of 2,500 barrels of cement. It will employ about 100 workers.

The plant will produce cement for Colonial's metropolitan New York and New England needs. Land and construction costs are being financed with the $1½ million increase in term loans.

Carnegie Hall Will Be Razed

NEW YORK (AP)—Venerable Carnegie Hall will come tumbling down in 1959 to make way for a red-panelled, 44-story office building.

Louis J. Glickman paid five million dollars last year for Carnegie Hall, built by Andrew Carnegie in 1891 and since then a music mecca of world renown.

Glickman said yesterday the new building, costing 22 million dollars, would be set back 40 feet from the street and would feature a sunken landscaped plaza to be used for outdoor cultural exhibits.

Monkey Returns Toss

NORTH WALES, Pa. (AP)—Hoping to scare a monkey down from a tree, Police Chief Benjamin Cairns of Upper Gwynedd Township, threw a baseball at him.

The monkey, however, made a perfect catch and fired the ball back. Chief Cairns says he was too surprised to grab the return toss. The monkey escaped.

He was one of 49 Rhesus monkeys who got loose from a research laboratory here Tuesday. Eleven are still at large.

Doubt Ike Will Get All Features Of Aid Measure

WASHINGTON (AP)—Senate conferees virtually abandoned hope today for the full long-range features of President Eisenhower's foreign aid program.

They arranged another meeting with House conferees with whom they argued all day yesterday over a proposed revolving fund for making loans for economic development of underdeveloped nations.

Given Senate Okay

Eisenhower asked, and the Senate approved, authority for a three-year program with a 500 million dollar appropriation this year plus authority to borrow 1½ billions from the Treasury over the next two years to enable friendly nations to get loans for long-range projects.

The House voted authority for 500 millions in appropriations for this year, but declined to go beyond that.

Sen. Sparkman (D-Ala) said he saw no prospect that the House would agree to the full three-year

Sought Compromise

Senate conferees sought to compromise on a two-year program with authority for the fund to borrow 750 millions for its second year of operation. They got no agreement on that, but said there were indications the House might agree to authorize a 500 million dollar appropriation for the second year under certain conditions.

The conferees also were divided over details respecting administration of the proposed fund.

Faces Further Cuts

They have yet to lock horns over a $500,500,000 difference in the total authorizations in the two bills. The Senate slashed President Eisenhower's request for $3,864,410,000 in military, economic, technical and other assistance down to $3,617,333,000. But the House refused to go over $3,116,833,000.

Even after a compromise is reached on the foreign aid bill, which simply authorizes ceilings, the foreign aid program faces the prospect of further cuts in a money bill now being considered in the Appropriations Committee to finance the spending.

Colonials Play Beacon Tonight at Dietz

Kingston Colonials will have Jack Houghtaling, Mohawk Tech pitching ace, on the firing line tonight at Dietz Stadium when they meet the Beacon Braves in the first game of a three-game weekend slate.

The Brooklyn Windsors are due in Kingston Saturday night. Sunday afternoon the Colonials have a return date with the Braves at Beacon.

Miron Lumber Holds 2nd Place In City League

Miron Lumber retained second place in City Softball League standings yesterday with a 7-3 victory over Prospect Dairy.

In the only other game played, Chez Emile outlasted Shannon's, 12 to 11.

Mike Boyle of Mirons limited Prospects to five hits and found only Jack Houghtaling troublesome. The latter smashed two singles and a homer in three trips. The Lumberjacks collected eight hits off Joe Venuti. Don Moyer and Rod Whittaker each hit two singles, Roy Casella a double and Cliff Schwark tripled.

Tom Morrissey hit a double and single to pace Chez Emile's winning assault on Lindsey and Buttaquolie. Bob Ward was the Shannon star with a double and homer.

Babe Ruth Nine Erupts for Seven Run Inning

Veterans of Foreign Wars exploded for seven runs in the 13th inning to trounce the Elks Lodge, 17 to 11, in a continuation of a tie game in which Paul Gardner turned in a sensational pitching stint with 22 strikeouts, last night at Dietz Stadium.

The Babe Ruth League's National division teams had battled to a 7-7 tie in seven innings and picked up the game from that point last night in the second half of a twi-nighter at Dietz Stadium.

In an unusual extra-inning sequence, both teams scored in the 10th; two each in the 12th, before the Vets erupted for seven in the top of the 13th. The Elks made feeble attempt to retaliate against Pat Berardi but could manage only one run, as Berardi fanned three in the bottom of the seventh.

Armstrong Stars

Hobie Armstrong pitched a 1-hitter and slammed two doubles for Kiwanis as they routed Kingston Patrolman's Association, 18 to 0, in the first game of the doubleheader.

Bob Drake and Pat Berardi collected four hits apiece for the V.F.W: and Gardner rammed a double and single. Joe Senor also had two hits. Harry Lowe, Elks left fielder, chipped in with four singles.

George Kotrady smashed four singles and Hobie Armstrong aided his own cause with a pair of doubles to pace the Kiwanis' 12-hit attack on George Tomson, Daryll Myers and Ray Prosser.

Cliff Miller hit two singles for Kiwanis. The lone KPA safety was a single by Richie Marcus.

Vols Win Crown

Volunteer Firemen have wrapped up the National division crown and are awaiting developments in the American for the championship playoff.

A key game Monday brings together the Kiwanis and American Legion. VFW plays the Vols on Tuesday. The Wednesday doubleheader has the Knights of Columbus playing Elks and Rotary taking on the KPA.

Gene Conley's Clutch Hurling Boosts Braves' Pennant Stock

By ED WILKS
The Associated Press

Gene Conley, who last spring figured "to have myself the best season of my major league career," then went winless for two months, has found the touch again to keep the pennant-pressing Milwaukee Braves perking in the National League pennant race.

The big righthander helped the Braves pad their lead to 1½ games last night, winning for the seventh time in his last eight decisions with a seven-hitter that beat fourth-place Cincinnati 12-2. The Braves have won 10 of their last 12 in a battle with St. Louis for the top spot, and Conley, now 7-5, has claimed four of the victories—the top contribution from Milwaukee's pitching staff.

Milwaukee edged farther ahead as the seventh-place Chicago Cubs, winning five straight for the first time since 1955, socked second-place St. Louis for the second night in a row, this time 5-1.

Brooks Fall Back

Third-place Brooklyn fell four games behind, losing 8-5 as the New York Giants scored five in the ninth and handed Don Newcombe his fourth consecutive defeat. Newk, who led the majors with a 27-7 record last season, made a spitting gesture toward the booing fans at Jersey City's Roosevelt Stadium as he walked off, still burning from Hank Sauer's pinch-hit three-run homer that triggered the uprising.

Fifth-place Philadelphia, now seven games behind, and Pittsburgh were not scheduled.

In the American League, Washington scored three in the ninth and beat New York 3-2, whittling the Yankees' lead to six games over Chicago's second place White Sox, who whipped Kansas City 7-0 on Jim Wilson's two-hitter. Boston defeated Baltimore 5-2 in 11 innings as Ted Williams hiked his batting average to .389 again. Detroit banged Cleveland 4-1.

A Steady Comeback

Conley, a 26-year-old giant (he stands 6-8) who had a 14-9 rookie year in '54, was 11-7 in '55 then had shoulder troubles and an 8-9 record last season, was 0-4 before he beat Brooklyn in relief June 26. Since then, he's beaten New York three times, Cincinnati twice, and has added another over the Dodgers. Three were in relief.

The big guy, taking the mound shortly after his wife had given birth to their third child, breezed last night. The Braves backed him up with 15 hits off starter-loser Brooks Lawrence and four relievers. Wes Covington was 2-for-2, hammering his 11th and 12th home runs and adding a sacrifice fly for four runs batted in. He also scored four. Red Schoendienst chipped in a bases-loaded triple.

The Nats, who didn't have a hit for six innings and only two singles after eight, got to Tom Sturdivant when Roy Sievers hit a pinch single to open the ninth and Eddie Yost followed with a home run. Two singles, a sacrifice and Art Schult's sacrifice fly scored the clincher. Hank Bauer homered in the first for the Yanks and Mickey Mantle hit his 30th home run in the ninth. The Mick, Williams and Sievers, out of the starting lineup because of a swollen instep, are tied for the AL home run lead. Bud Byerly won it in relief.

The Scramble for Cash

Littler and Finsterwald Touted for World Golf

CHICAGO (AP) — They open the starting gate today for golf's gold rush, sending 100 men pros into frantic competition for shares of the $101,200 "World Championship" at Tam O'Shanter.

Winner of the 72-hole struggle ending Sunday will receive $50,000 in cash plus a $50,000 exhibition contract. The champion virtually becomes the year's leading money winner with just this one victory.

Ted Kroll, the 1956 winner with a 15-under-par 273, thinks it will take about 277 to cash in this time.

"I had to finish with a 66 to win," he said. "It probably will take another such final round to get as low as 273. I don't think it will be done this time. Just ask who would settle right now for a 277 and you will find plenty of them."

Littler Red Hot

Those most frequently mentioned among the prime contenders are five comparative youngsters — Gene Littler, whose course record-matching 63 in the last round of the All-American Monday boosted him to runner-up spot; Dow Finsterwald, the PGA's second leading money winner; Fred Hawkins, who took second in the "world" last year; Bill Casper and Paul Harney, both with their games at a peak.

Sam Snead, leading money winner Doug Ford with $39,856, and Roberto de Vicenzo head the list of more seasoned contenders.

$15,000 for Women

The women pros will go for a purse of $15,000 in their "World" section.

Patty Berg will try for her fourth "world" title after winning the All-American for the fifth time—a feat matched only by the late Babe Zaharias. But Marlene Bauer Hagge, the defending champion, has her game razor sharp.

Defending champion Ward Wettlaufer of Buffalo, N. Y., and crooner Don Cherry, the All-American winner, are among favorites in the field of 12 men amateurs.

Pocahontas 1st At Saratoga

SARATOGA SPRINGS (AP) — Montpelier's Benguala and Sea Chart stood out as the favorites for today's $10,000-added Promise Hurdles, the first important jump race of the season at the Saratoga Track.

Yesterday, Powhatan's Pocahontas closed with a rush to win the $18,000 Schuylerville Stakes. The daughter of Roman-How finished a head in front of favored Bridgework, owned by Mrs. Anson A. Bigelow. C. V. Whitney's Gleaming Star was third, two lengths farther back.

Plion Coming On

Pocahontas, ridden by Eddie Arcaro, sped the 5½ furlongs in 1:07 2-5 and paid $7.00, $3.80 and $3.20.

Plion, a newcomer to the list of 1957 star 2-year-olds, heads for Saratoga Springs today after winning the $59,300 Sapling Stakes at Monmouth Park yesterday.

The brown son of Greek Ship will try for the rich traditional Juvenile Stakes here.

Trainer Tom Jolley said Plion would run in the $25,000 added Grand Union Hotel Stakes at Saratoga Aug. 17 and then go to Atlantic City for the Worlds Playground Stakes.

To Play King and Court

Name Twenty All Stars For Softball Exhibition

Four of the city's top softball pitchers were named today to the 20-player all-star roster which meets the fabulous King and His Court on Aug. 15 at Dietz Stadium.

The contest will be sponsored by the 50 Club.

Heading the hurling array is Hank Passante, ace of the championship Pat & George's squad who has won his last 10 games.

Backing up Passante are three stalwarts — Mike Boyle of Miron Lumber, Frank Boyce of Hilltop Rest, and Joe Venuti of Prospect Dairy.

Name Two Catchers

The two catchers are Tony Musto of Subway Grill and Frank Coulard of P&G.

The seven infielders selected include: Cliff Schwark and Roy Casella of Miron Lumber; Cliff Davis Hilltop; Dick Bezemer, Subway Grill; Buddy Smith, Wimpy's; Tom Murphy, P&G; and Bob Martin of Shannon's.

Bob Slover and Fred Orr of Prospect Dairy are among the six outfielders. The other four are Ted Beland of Hilltop, Bill Glaser, Chez Emile; Bud Scheffel, Chez Emile; Jake Smith of Wimpy's.

Gil Halpin of Pat and George's will manage the squad, with Rod Whittaker of Miron Lumber as co-manager.

If John Babiarz of Poughkeepsie officially resigns as secretary of the New York-New Jersey League at Friday night's special meeting in Newburgh, the ten-team circuit is likely to blow up like a powder keg.

The NY-NJ managers will find that replacing presidents is a simple operation. Replacing a guy like John Babiarz is something else again.

Babiarz is the motivating force in the NY-NJ setup, has devoted endless hours of time and energy with very little remuneration to his thankless task of trying to reconcile the petty differences between the managers.

The behavior and machinations of some league managers in recent weeks has been somewhat on the bush side. Babiarz outlined many reasons for his not-too-sudden decision to withdraw from the din and babble. Among them were standard complaints . . . "lack of harmony among the managers . . . selfish motives . . . resort to technicalities for advantageous position . . . selfish interest in their own ball club as against the overall operation . . ."

There were others, too many to mention. The fate and future of the New York-New Jersey League will be decided at Friday's meeting. Under present circumstances it cannot last much longer.

• Flotsam and Jetsam:

The Sunday promotion by the Jaycee Little League at Forsyth Park is worthy of public support and this department hopes the Jaycee organization is rewarded with a large turnout of players, parents, officials and friends. The Jaycees have done a remarkable job with their playing area. From humble origin, they have expanded and improved the facilities at tremendous expense until it promises to be one of the finest Little League fields in the Hudson valley within two years. The deficit incurred by the league is rather substantial. If you can't make the game or barbecue that follows, you can help by contacting any member of the organization. . . . Another Jaycee group—in Woodstock—is also assisting the Little League operation in the artist village. They plan to display a first rate painting by Paul Arndt, one of Woodstock's best known artists, for the next several days at various vantage points in the community. At a later date it will become the property of some lucky friend of the Woodstock Township Little League.

• The State Tournament:

The New York State Little League championship tournament at Ellenville Friday and Saturday is a promotional feature in the hat of attorney Vernon J. Kelder of Ellenville, who is the regional director for LL baseball. The state championship is a new division of the national competition under the revised setup which divides the country in four sections—North, South, East and West—and sends only four finalists to Williamsport later in the month. It is quite unlikely that a community as small as Ellenville will get the state finals for some time to come. But the fact such a major tournament will be played in Ellenville is typical of the tradition of Little League baseball as conceived by its founder Carl E. Stotz, who years ago made up his mind that no kid was too small to play baseball and a place should be found for every small fry who desired to play. The sports department congratulates Kelder and the village of Ellenville on their promotion. The Ulster village is within easy reach and we hope many Kingstonians and area LL boosters avail themselves of the chance to see the state finals either Friday or Saturday.

• Of Men and Mice:

Goshen's Dale Memmelaar, husky tackle whose line play last year was instrumental in leading Wyoming University's football team to the Skyline Conference championship and an unbeaten season, is reported in top shape for another big year . . . Billy (King) Cotton, All-DUSO football and baseball star at Newburgh Academy, joins the Army on Monday . . . Frank Altomer, 18-year-old slugging catcher in the Columbia county twilight league, has been signed to a New York Giants farm system contract by Tony Ravish of Hudson, the Giant scout in this area. Altomer graduated from Ichabod Central School in June . . . The annual NBA-All Star basketball promotion is scheduled Friday, Aug. 23, at 9:30 p. m. at Kutsher's Country Club in Monticello. Coach Red Auerbach will have three of his Boston Celtic stars—Bob Cousy, Bill Sharman and Tommy Heinsohn, NBA Rookie of the Year—on one team. Fuzzy Levane, assistant coach of the New York Knicks, will handle the other team, which already includes Carl Braun, Richie Guerin, Dick McGuire, Paul Arizin and Neil Johnston. The net proceeds go to the City of Hope Lukemia Hospital in Duarte, Calif.

Vees' Reliefer Wins as Starter

By The Associated Press

Johnny James of the Richmond Vees made his first start last night after more than two years "on relief" and whipped the Montreal Royals, 1-0, in the International League.

Montreal bounced back with an 8-4 victory in the second game but the split kept Richmond only 1½ games back of Buffalo's league leaders, who split with Miami winning 4-0 and losing 4-3.

Rochester defeated Havana 4-2, then lost 2-0 in a Cuban doubleheader. Columbus, with Bob Kuzava winning his sixth straight, defeated Toronto in other league activity.

Washburn Memorial Race Set at Rhinebeck Track

The third annual Washburn Memorial race, a 250-lap stock car feature, will be staged Saturday night at Rhinebeck Speedway.

A national championship race, it is named in honor of the late Charles (Duke) Washburn, of Hyde Park, who served as secretary of the Mutual Racing Association. Washburn died of a heart attack in 1954.

First place is worth $1000 and a trophy to the winner. Lap money also will be paid the leader for each lap he leads the race.

Former Winners Set

Two former winners — Doug Garrison of Hudson (1954) and Chuck Irving of New Baltimore (1955) are among the early entries. Six cars already have qualified, with Billy Boo, the Pawling favorite, holding down the pole position.

The Saturday program starts with a 30-lap race for non-Fords of the MRA at 8 p. m. The Washburn Memorial follows. Spectators will be admitted to the Speedway from 3 o'clock on.

Fights Last Night

CHICAGO—Spider Webb, 157½, Chicago, outpointed Charley Joseph, 158½, New Orleans, 10.

Bragan Rumored New Brook Pilot

LOS ANGELES, Aug. 7 (AP)—Mirror-News baseball writer Charlie Park reported today there is a rumor making the rounds that Brooklyn manager Walt Alston "will be moved upstairs when the Dodgers come to Los Angeles next year," with Bobby Bragan taking over as manager.

Bragan, recently deposed as the Pittsburgh Pirates manager, was extremely popular here as manager of the Hollywood Stars and always had the Twinks at or near the top during his tenure.

"I know that rumor sounds fantastic," Park wrote, "but stranger things have happened."

Intentional Pitch Was Unintentional

By The Associated Press

Pitcher Dave Wegerek of the Reading Indians will be more wary in the future of the long arm of Albany's Babe Daskalakis.

Intending to walk The Babe in the eighth inning of last night's Eastern League game at Albany, Wegerek threw his first ball a shade too close to the plate. Daskalakis reached over and popped it into left field for a single that broke a tie and gave the Senators a 2-1 victory.

In other games, the host Binghamton Triplets took a 5-1 decision from Springfield. The Triplets stretched their league lead to 2½ games as Allentown nosed out second-place Schenectady, 7-6, at Allentown.

Cornell Pro To Head Tour

CHICAGO (AP)—George Hall, professional at the Cornell University Golf Course for 23 years, will supervise the Professional Golf Association's Latin American tour next winter.

Tournaments are schedled for Trinidad and Puerto Rico.

Hall, now serving his second term as a PGA vice president, is a native of Rochester, N. Y. He was a professional in Corning, N. Y., before taking over at the Cornell course.

His appointment was announced yesterday by the PGA Tournament Committee.

Repairs Today For Bluebird

CANANDAIGUA (AP) — Bluebird II, Donald Campbell's jet-powered hydroplane, was undergoing repairs today.

Yesterday, the waterspeed indicator—and possibly the rudder to which it was attached — was damaged when the Bluebird apparently struck a sandbar as Campbell set out for a test run.

The British speed king, here in hopes of breaking his water speed record of 225.36 mph, said repairs would take a day or more.

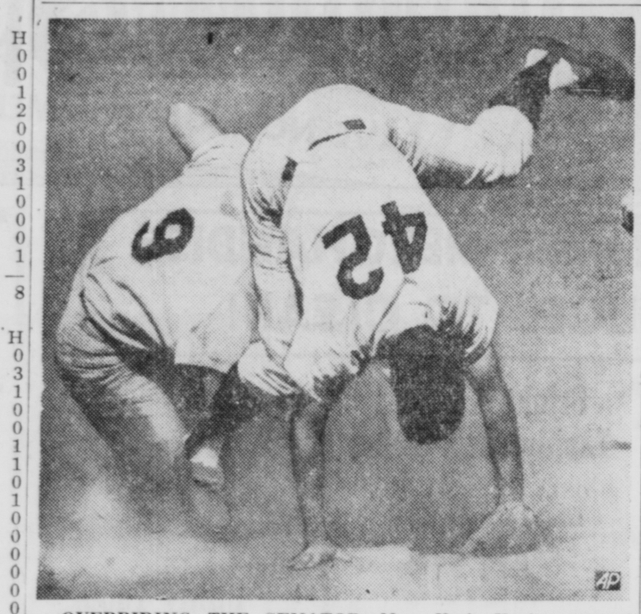
Bowling Notice

The Catholic Athletic Association bowling league has scheduled an organizational meeting, Wednesday, Aug. 14, at 7 p. m. at Ferraro's Bowlerama. All holdover franchises and interested persons are invited.

HAPPY DAY FOR NEW MAJOR LEAGUE MANAGER — Harry Craft, second from left, new Kansas City Athletics manager, congratulates members of team who contributed most to victory over White Sox, 3-2, in Chicago (Aug. 6). Billy Martin, left, and Woody Held, right, hit homers. Virgil Trucks, center, relieved Alex Kellner, in jacket, to check Chisox rally. (AP Wirephoto)



OVERRIDING THE SENATOR—New York Yankee second baseman Gerry Coleman (42) is spilled on hard slide by Washington Senator catcher Lou Berberet in seventh inning at Yankee Stadium, New York city (Aug. 7) but holds onto ball to foil attempted steal. It was a double play, as catcher Yogi Berra fired to Coleman after Nats' Art Schult struck out. Washington continued winning ways with 3-2 victory over first-place Yankees. (AP Wirephoto)

Ice Hockey Loop Opens Oct. 26

ATLANTIC CITY, N. J. (AP)—The Eastern Ice Hockey League will open its 1957-58 season Saturday, October 26, with the same six teams as last year.

Thomas Lockhart of New York City and Philip Thompson of Atlantic City were reelected president and secretary-treasurer, respectively, at the league's meeting here yesterday.

The teams are Charlotte, N. C.; Clinton, N. Y.; New Haven, Conn.; Washington, D. C.; Philadelphia and Johnstown, Pa.

They will play a 64-game regular season schedule, followed by a four-team playoff.

Podoloff Backs Reserve Clause

WASHINGTON (AP) — The House antitrust subcommittee hoped to wind up its hearings today on the business status of professional sports with testimony from spokesmen for hockey.

Listed as chief witness was Clarence S. Campbell, president of the

National Hockey League

Yesterday, Maurice Podoloff, president of the National Basketball Assn., defended various practices including the player draft system, the reserve clause in player contracts, and the exercise of territorial rights by member teams.

Alston Favors Drott

CHICAGO (AP) — Brooklyn Manager Walt Alston thinks Chicago Cub Dick Drott will make a better pitcher than either Lindy or Don McDaniel, the St. Louis Cardinal brothers. "I believe Drott has far better stuff," says Alston. "The McDaniels seem to have more poise but Drott should learn fast."

BRL Meeting

Babe Ruth League officials, coaches and managers meet Monday, Aug. 12, at the downtown Recreation Center.

Give Monaghan The First Round

NEW YORK (AP)—New York State Harness Racing Commissioner George P. Monaghan apparently won the first round of his controversy with the United States Trotting Assn. (USTA) over the conduct of the sport in this state.

The hearings are being held by James M. Landis, appointed by Gov. Averell Harriman last fall to study the Monaghan-USTA differences.

After Monaghan had delivered yesterday a 2-hour statement in which he labelled the controversy a "power fight," the commissioner's conduct of the sport was backed by two men high in the sport.

George Morton Levy, general counsel for Roosevelt Raceway, testified Monaghan had put "constant pressure" on him to get Mrs. Rose DeKoning wife of convicted labor leader William DeKoning Sr. to sell her stock or place it in trust. Levy said the stock formerly had been owned by DeKoning and his wife.

Charge Rule Violation

One of the charges brought by the USTA against Monaghan is that he has permitted persons to continue to hold stock in New York harness racing tracks although they were ordered to dispose of their holdings following the so-called scandals which led to the naming of Monaghan as a replacement for a three-man commission.

Pat Provenzano, head of Batavia Raceway, told Landis that shortly after he had called the Harness Commission to investigate "bad conditions" at his track nearly two years ago, four persons were suspended, including one for life, by the commissioner. He also testified that the USTA took no action after being informed of the condition.

Pairings Set For 2nd Half Inter-Club

Pairings for the second half of the inter-club match between The Twaalfskill Club and Woodstock Country Club were announced today by golf chairman, J. W. Johnson and Walter S. Van Wagenen.

The matches start Sunday at 9:30 a. m., with the locals trying to avenge a 24-15 setback in the first half.

The pairings and starting times:

9:30—Schirick - Flint vs. T. deLisio-Mellin.

9:40 — Hartley-Schneider vs. Dungey-B. Marks.

9:50—Campochiaro-Dr. Olivet vs. A. Waterous-F. Allen.

10:40—H. F. King-H. St. John vs. Sharpe-Moscowitz.

10:50 — Hughes-Raichle vs. W. Waterous-Gonzales.

11:00 — B. Haver-Smith vs. Knutson-H. Waterous.

11:10—J. Fuller-Berardi vs. Bors-Polk.

11:20—Dr. Harris-Merrill vs. Scully-Handler.

11:30 — Quinn-Wood vs. Lerman-Dr. Dreishspoon.

11:40 — Vogel-Fitzgerald vs. Forno-Morrell.

Alternates—A. Boice, J. W. Johnson, Ed Minasian, C. J. Tiano.

51 Theatres Buy Robinson Bout

Theatre Network Television reported yesterday that 51 theatres already have signed for the telecast of the Ray Robinson-Carmen Basilio midleweight title fight, Sept. 23, at Yankee Stadium.

The fight will be broadcast but will be restricted to a closed theatre circuit on TV.

Jubilant Webb Defeats Joseph, Now Wants Field

CHICAGO (AP)—Spider Webb, who took his revenge bout from Charley Joseph, says he's ready for all comers in the middleweight bracket "including Gene Fullmer and Joey Giambra."

Webb, the No. 6 ranked middleweight, was fortunate to gain a split decision last night from Joseph, who whipped Webb in New Orleans two months ago.

After the fight, Webb had nothing but praise for his opponent, the No. 8 ranked middleweight from New Orleans.

"That was one of my hardest fights," said Webb, who now has a 23 and 2 record. "Joseph is one of the smartest fighters I ever met.

Both fighters weighed 157½.

Ready for Field

"After that tough fight, I feel that I'm ready for anyone in the middleweight class, and that includes Fullmer and Giambra," Webb added.

Joseph who made a rally in the last two rounds and appeared strong at the finish, was disappointed in the decision.

"I thought I had won the fight. If we had gone another couple of rounds, I know I would have won" he said.

Joseph now has a 40-6-1 career mark.

The last Webb-Joseph fight resulted in a controversial decision. Last night's fight was just as close, with referee William Doty and judge Frank Clark giving the battle to Webb. Judge Howard Walsh had it 45-45 on the point system. The Associated Press scored it 47-47.

300-Pound Bluefin

WEDGEPORT, N. C. (AP)—The first bluefin of the season was a 300-pounder taken after a 40-minute battle by James Stevens of Toronto. The tuna was caught at the mouth of the Tusket River.

Olean Manager Shows Just How

By The Associated Press

Olean manager Paul Owens can be sure of a warm welcome in Erie today.

Partly thanks to Owen's big bat, the Sailors are now in second plac in the New York-Pennsylvania League.

In short, Olean defeated Corning 5-2 last night, enabling Erie to take over second spot from the Red Sox on the strength of a double defeat of Hornell.

Owens, on three hits, batted in three of the Oilers' five runs while Erie was winning a double-header from Hornell 6-4, 9-5.

The Elmira Pioneers humbled front-running Wellsville 4-2. The Pioneers packed four of their seven hits into the fourth inning.

Dick Giedlin's double and singles by Bill Brightwell, Ben Speares and Don Payne made up the total.

The Braves' pitcher Keith Nicolls gave up his third consecutive loss. His record is now 13-4.

House Reverses Stand on Chapel For AF Academy

WASHINGTON (AP) — The House reversed itself yesterday and agreed to allow funds to begin a new chapel at the Air Force academy. Then it passed a 1½ billion dollar appropriations bill, mostly to finance military construction.

Goes to Senate

The bill now goes to the Senate.

The dispute over the chapel revolved around its proposed design. One House member called it a "monstrosity." On Tuesday, the House tentatively approved, 102-53, an amendment to bar use of any money in the bill on the chapel at Colorado Springs, Colo. But yesterday the amendment was knocked out on a standing vote of 147-83.

The House also rejected, 150-59, a move to delete 12½ million dollars to start construction of a second airport for the Washington area. The airport, to be built at nearby Burke, Va., will cost 50 millions.

Under Ike Request

The bill, passed 330-75, contains $1,581,590,587—all but about 60 millions of the total for military public works projects. The bill's total is more than 279 million dollars below President Eisenhower's original request.

The bill provides for these military projects in New York State:

Army

Transportation corps: Brooklyn Army Terminal, $1,169,000.

First Army: Ft. Niagara, $209,000; Ft. Totten, $242,000.

U. S. Military Academy $3,366,000.

Tactical Support Facilities: Bellemore, $1,201,000; Ft. Totten, $200,000.

Navy

Shipyards Facilities: Brooklyn Shipyard, $1,452,000.

Yards and Docks Facilities: Brooklyn Shipyard, $332,000.

Air Force

Air Defense Command: Niagara Falls Map, $2,542,000; Stewart AFB, $720,000; Suffolk County AFB, $1,144,000.

Air Materiel Command: Griffiss AFB, $13,351,000; Griffiss AVA and Stock, $922,000.

Air University: Mitchell AFB, $337,000.

Strategic Air Command: Plattsburgh AFB, $2,561,000.

Each year citizens of the United States read approximately 18 billion, 500 million newspapers.

WITNESS GETS QUIET SIGN—Bernard Tolkow, right, New York labor union official, gets a sign from his lawyer, Alexander Eltman, to keep quiet during an appearance before U. S. Senate rackets investigation committee in Washington (Aug. 7). Eltman did so much testifying that finally he was also put under oath. Tolkow refused to answer more than 60 questions on grounds of possible self-incrimination. (AP Wirephoto)

Saugerties Fish Derby Rules Set By Junior C of C

SAUGERTIES—Rules and instructions for the Saugerties Junior Chamber of Commerce sponsored fishing derby for youngsters Saturday, Aug. 17 from 1 to 4 p. m. at Valley Farm Pond was announced today.

The contest is open to any child in the Town of Saugerties in the 6 to 15 age bracket. Any child under 10 must be accompanied by an adult.

Rules are as follows:

1. Participants must furnish own pole and bait.
2. Only still fishing will be allowed, no casting.
3. All winners must hook and land their own catch without physical assistance.
4. All fish must be taken to the judges' stand immediately after being caught.
5. State fish and game laws must be observed.
6. Contestants must fish from shore, no boats allowed.
7. One prize permitted to any one winner.
8. No fishing allowed until starting signal and fishing stops on stop signal.
9. Throwing stones or wading is prohibited.
10. All protests not covered by the rules are left to the final determination by the judges.

Prizes will be awarded for the heaviest, longest, first legal, second heaviest, third heaviest and to the youngest child catching a fish.

The pond, recently drained and course fish taken out is reported to be stocked with bass. Legal size is 10 inches. Warren Knaust of K-B Products Inc., owners of the farm supervised the stocking of the pond some months ago.

Columbia Bride Of Six Days Is Widowed by Crash

HUDSON (AP) — Mrs. May Bergerson was a widow today, after only six days as a wife.

She is in Columbia County Memorial Hospital in critical condition with injuries suffered Sunday in a collision of two automobiles on Route 203, near Chatham.

Her husband, Charles R. Bergerson, 24, of Niverville, Columbia County, died yesterday of injuries sustained in the crash.

The driver of the other car, Philip Calendrelli, 33, of North Branford, Conn., is in fair condition at the hospital.

Bergerson was a painter and laborer. He was discharged from the Marines in May.

The couple married a week ago today.

GREETING

YOU AND EACH OF YOU ARE HEREBY CITED to show cause at a Surrogate's Court to be held in and for the County of Ulster at the Surrogate's Office in the City of Kingston, New York, on the 9th day of September, 1957, at ten o'clock in the forenoon of that day why the account of proceedings of ABRAHAM IRVINGS, AL ENGLANDER, FANNIE FRIEDMAN and ANNA GUTTERSON, as executors of the estate of LOUIS SPIEGEL, deceased, should not be judicially settled and allowed upon the petition of said executors; and WHY determination should not be made and adjudication directed accordingly with respect to

(a) Devise of certain real property to Anna Gutterson which is subject to the life use of Beckie Spiegel, widow of decedent, and

(b) As to the distribution of the proceeds resulting from the sale of the real property located on Main Street, Kerhonkson, N. Y., one of which parcels was devised to Sylvia Cooperstein and the other to Martha Malkin, and

(c) As to the claim of David Spiegel with respect to the proceeds resulting from the foreclosure of the mortgage on property which during the lifetime of decedent was owned by Tri Woodworking Company, and

(d) As to the claim of Beckie Spiegel, based upon her alleged partnership with her deceased husband, and

(e) As to the claim of the executors against Beckie Spiegel with respect to the accounting by her of certain rents and moneys collected during the course of the administration of the estate and the distribution thereof, and

(f) As to the deposit in the Kerhonkson National Bank in the name of L. B. Spiegel in the amount of $874.71 and the claim of Beckie Spiegel thereto, and

(g) As to the claim of Abraham Gross, a/k/a Abraham Groesch with respect to his share of the profits, if any, resulting from the sale of the so-called Simpson Farm and the purchase and sale of livestock during the lifetime of decedent and

(h) As to the modification of the order allowing Thomas J. Plunket, Esq., as Special Guardian, the sum of $500.00, and

(i) As to the claim of Abraham Englander and/or Mollie Englander, his wife, to the moneys on deposit as to the several accounts set forth in Schedule A of the accounting which at the time of decedent's death totalled the sum of $16,833.06, and

(j) As to the allowance for counsel fees to ARTHUR B. EWIG, Esq., and KOPALD and HAFT, Esqs.

IN TESTIMONY WHEREOF, we have caused the seal of said Surrogate's Court to be hereunto affixed. WITNESS

Says Steel Hike Won't Touch Off New Inflation

WASHINGTON (AP) — Roger M. Blough, board chairman of United States Steel Corp., told senators today it was "sheer economic superstition" to contend the recent steel price rise will touch off a new round of inflation.

Blough, first witness in a new congressional inquiry into the steel industry and its pricing policies, said that "viewed in its true perspective, the price of steel is amazingly low."

"Steel is not only the cheapest, by far, of all the common metals," he said, "but with surprisingly few exceptions, it is also cheaper—pound for pound, than almost anything else you can buy.

"To put it in the politest possible terms, therefore, let me just say that the so-called 'high price of steel' is, in my opinion, another myth, pure and simple."

Blough appeared before the Senate antitrust subcommittee.

The steel hearings at this time were prompted by the $6 a ton price rise for the metal, which became effective July 1. This was announced first by U. S. Steel, the industry's biggest producer. Other steel producers followed suit.

The Weather

THURSDAY, AUG. 8, 1957

Sun rises at 4:55 a. m.; sun sets at 7:09 p. m., EST.

Weather: Fair

The lowest temperature recorded on The Freeman thermometer during the night was 56 degrees. The highest figure recorded up to noon today was 76 degrees.

FAIR AND WARMER

Southeastern New York — Continued generally fair and gradually warmer this afternoon, tonight and Friday. High today mostly in the 80s. Low tonight 55-62. High Friday in the 80s. Winds variable under 15, becoming west to southwest 10-20 Friday.

Warmer Weather Due Remainder Of Week in N. Y.

ALBANY (AP) — Temperatures rose gradually across New York State today after the third straight extra-blanket night.

The mercury fell to 46 degrees overnight at Olean and Oneonta, the Weather Bureau reported.

The weather is expected to be a little warmer for the rest of the week. Temperatures were to go into the 80s today and fall to he high 50s or low 60s tonight.

Other overnight lows: Poughkeepsie 48, Elmira 49, Glens Falls 51, Buffalo 52, Albany and Plattsburgh 53, and Newburgh and Utica 55.

An old legend says that where there is no food, the pelican tears her breast and feeds her young with her own blood.

Gotham Enjoys Holiday From Youth Crime

NEW YORK (AP)—New York City is enjoying a holiday from youth crime as more than 500 student policemen do night patrol in 25 so-called "hazardous" precincts and the regular 23,000-man force remains on a special alert against teen-age violence.

Only relatively minor teen-age arrests have been made since the rookies from the police academy were sent out on the streets Tuesday night to help combat the recent wave of teen-age crime.

Acting Police Commissioner James R. Kennedy warned yesterday, however, that "it is too early and too soon to evaluate the effectiveness of the assignment of the rookie policemen to patrol duty."

Tax Rolls Going To Treasurer Sept. 1

The Town Tax Collectors of Ulster County will turn in their current year's tax rolls to the Ulster County Treasurer's Office during the week of September 1, as their warrant for collection expires Sept. 1.

Any unpaid taxes for the current year should be paid to the collector before that date in order to avoid extra penalties. The collection fee for taxes paid to the collector during August is 4 per cent. After the tax is returned to the County Treasurer's Office, a 5 per cent collection fee is added plus a penalty of interest at the rate of 10 per cent per annum figured from February 1, 1957, to date of payment.

Not Real Help

WASHINGTON (AP)—When police blocked the exits against two men holding up his delicatessen store, owner Joseph Wilder offered to help them escape.

"Go upstairs and jump out the window," he told the two after working loose the gag they had put on him. The men ran upstairs. Wilder didn't tell them the upstairs windows were heavily barred.
